User Guide: Link @ Upper Right of Front Page--(Contains detailed instructions on use of this tool.)

Demonstrations will Focus on “Future Construction” and “Planning Grants” Tools

Demo Exercise: Future Projects in Mendocino County

1. Open Portal, “Future Projects” Tab
2. Click on “Filter Projects” icon, at bottom of map (funnel shape)
3. In Filter by County, Select “Mendocino”, then “Apply”; minimize the filter (don’t close it)
4. Click on “Attribute Table,” left side of map
5. View by “segments” or “location” (spot locations)
6. Note: project information only visible for projects visible in the map
7. Click “Create a Report” on left side of Map (select by location name or shape)
8. After it finishes working, click on the Print Icon, then “Print”—a report is generated with a map on the first page.

Same process can be followed on “Planning Grants” page/tool.

Find a Particular Grant:

1. Open Portal
2. Open “Transportation Planning Grants” Page
3. Click “Project Information” tool/icon on the bottom of map
4. Click Mendocino, then Grant Type
5. Open Grant Report

6. Alternately, zoom into Mendocino County, Click on location dot (Willits)
7. Tab through Reports/Projects available

8. Alternately, Zoom to Mendocino County
9. Create a Report
10. Identify Area of Interest (Mendocino)
11. Print Report of Grant Information
