

# **ADDENDUM No. 1**

## **Request for Proposals**

### **U.S. 101 Hopland Main Street Corridor**

#### **Engineered Feasibility Study**

##### **In Mendocino County**

Pursuant to the Request for Proposals (RFP) dated June 27, 2014, the deadline to submit written questions about this RFP was July 11, 2014. Only one question was received, as listed below. The answer is provided by Caltrans staff.

**Question:** “It is clear that this will be a community-driven look at all the transportation-related concerns, challenges and opportunities in the Corridor. Do Caltrans or MCOG have any specific issues or objectives you would like to see studied/addressed?”

**Answer:** “Address the challenge of balancing the needs of interregional vehicular traffic movement through town, with improving livability and walkability. Use of new and state of the art techniques is welcome.”

Rex Jackman, Chief  
Caltrans District 1 Office of Planning  
Dated 7-14-14
