

**MENDOCINO COUNCIL OF GOVERNMENTS
TECHNICAL ADVISORY COMMITTEE
Transportation Enhancement (TE) Program
Individual Project Scoring Form**

Project Title: _____
Applicant: _____

Priority Scoring for Conservation Corps Partnership: Senate Bill 286 requires the selection of all TE projects to be based on projects which partner with, or commit to employ the services of a Community Conservation Corps or the California Conservation Corps. MCOG will fund projects meeting these requirements, or with exemptions as described in the TE application and TE Process, prior to funding other projects. **See application for additional information.**

1. Does the project propose conservation corps partnership? Yes _____ No _____
2. Is the project exempt from this criteria? Yes _____ No _____

Reason for Exemption (check one):

- Project programmed in RTIP prior to June 25, 2009
 No corps will partner for the project (must be certified in the application)

General Scoring (General Merit Criteria)

Regional & Community Enhancement	50 points	
Cost Effectiveness/Reasonable Cost	10 points	
Total Possible General Score		60 points

Activity-Specific Scoring:

A project can score in only one of the following categories:

- | | | |
|---|-----------|------------------|
| 1. Bicycle, Pedestrian, Abandoned Rail Right of Way | 40 points | |
| 2. Historic/Archaeological | 40 points | |
| 3. Transportation Aesthetics and Scenic Values | 40 points | |
| 4. Water Pollution Due to Highway Runoff | 40 points | |
| Total Possible Activity-Specific Score: | | 40 points |

TOTAL POSSIBLE PROJECT SCORE: 100 points

(General Scoring) General Merit Criteria

1. Regional & Community Enhancement (50 points possible)

For reference only, please refer to Model Project Scoring for complete questions

- 1a *Benefits quality of life, community, environment, etc.*
1b *Increases access to activity centers, businesses, schools, etc.*
1c *Implements goals in the RTP, or other adopted plans*

Possible Pts	Score
(0-10)	
(0-8)	
(0-8)	

- 1d *Increases availability/awareness/protection of resources*
- 1e *Demonstrates regional or community support, letters, etc.*
- 1f *Encompasses more than 1 of the 4 activity-specific divisions*

(0-8)	
(0-8)	
(0-8)	
Subtotal	50 possible

2. Cost Effectiveness/Reasonable Cost (10 points possible)

Possible Pts	Score
(0-10)	
Subtotal	10 possible

ACTIVITY-SPECIFIC CRITERIA

Projects may score in only one Division

Note: *Categories 3 and 4 may score in either Divisions 2 or 3. Please choose the scoring Division most applicable to the particular project.*

1. Bicycle, Pedestrian, Abandoned Rail Right of Way

This division includes categories 1, 2, 8

Question 1

Need for proposed facilities: shortage of bicycle or pedestrian facilities; missing link in connecting the intermodal system, importance of link; necessity of proposed facilities to serve system:

Question 2

Degree proposed project meets or addresses opportunities for bicycle or pedestrian facilities:

20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	
20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	
Subtotal	40 pts possible

2. Historic/Archaeological

This division includes categories 3, 4, 6, 7, 10, 12

Question 1

Current recognized level of historic significance (federal, state, or local):

Question 2

Degree project activity will enhance, preserve, or protect the historic/archaeological resource:

20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	
20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	
Subtotal	40 pts possible

3. Transportation Aesthetics & Scenic Values

This division includes categories 3, 4, 5, 9

Question 1

Degree to which scenic or aesthetic resources are rare, unique, or significant, degree to which potential for enhancement exists for landscaping or scenic beautification, current degree of visual blight:

Question 2

Degree to which project will preserve, rehabilitate or develop scenic or aesthetic resource:

20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	
20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	
Subtotal	40 pts possible

4. Water Pollution Due to Highway Runoff & Reduction of Wildlife Mortality

This division includes category 11

Question 1

Magnitude of environmental problem:

20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	

Question 2

Degree to which activity solves this problem:

20 pts possible	Score
High (10-20)	
Med (5-10)	
Low (0-5)	
Subtotal	40 pts possible

Total Project Score

100 possible
