Project Starting Date - Notice to Proceed	June 5, 2026
Presentation of Final Plans to Local Agencies	November 2027
Final Plans Due	December 2027

Response to Questions:

Pursuant to the RFP issued by the Mendocino Council of Governments (MCOG) on April 14, 2026, the deadline to submit written questions was April 21st, 2026. This Addendum addresses questions received through that date.

Q1: “The RFP requires both electronic and printed copies, are they both due the same day, or can the printed copy be postmarked by May 11th?”

Response: Proposals must be received no later than 5:00 p.m. on May 18, 2026. An electronic copy must be submitted by this deadline to be considered timely. In addition, three (3) printed copies are required; however, submission of the electronic copy by the deadline will satisfy the requirement for timely submission, provided that the printed copies are furnished thereafter. A postmark of May 18 for the printed copies is acceptable, as long as the electronic copy is received by the deadline.
