County of Mendocino Supervisor – Dist.3

Marcia Rafanan

Vice Mayor, City of Fort Bragg

Maureen Mulheren

County of Mendocino Supervisor – Dist.2

Matthew Alaniz

Vice Mayor, City of Willits

Vacant

Countywide Public Appointee

Jeff Hansen

Councilmember, City of Point Arena

Heather Criss

Councilmember, City of Ukiah

Tasha Ahlstrand

Policy Advisory Committee – Caltrans
District 1

MENDOCINO COUNTY, CALIFORNIA

INTRODUCTION

The Mendocino Council of Governments (MCOG) serves a region that lies entirely within the boundaries of Mendocino County. The County is situated within the northern extension of California's coastal ranges, characterized by a series of southeast–northwest trending ridges separated by narrow valleys. While overall relief is moderate except in the far eastern portion of the County, the mountainous terrain significantly limits ground transportation options. The coastline is similarly rugged and rocky, offering dramatic ocean views but presenting additional challenges for transportation access. Much of the land area consists of State and National Forest lands, with the remainder devoted to agriculture, residential development, and other uses. As a result, transportation routes are generally located within valley corridors, and east–west travel is particularly difficult due to the need to traverse multiple parallel ridges.

A key issue facing the region is climate change and the statewide emphasis on reducing vehicle miles traveled (VMT) and greenhouse gas (GHG) emissions. The Governor's Executive Orders EO N-19-19 (GHG reduction goals) and EO N-79-20 (zero-emission vehicle transition) build upon existing statewide measures and introduce new requirements related to the expansion of zero-emission vehicles. Although predominantly rural regions such as Mendocino County are not subject to the same mandates as urban areas, the inclusion of these topics in the adopted 2026 RTP/ATP update provides an opportunity to identify existing and future efforts that support statewide emission-reduction targets. Strategies to reduce GHG emissions include expanding transit use, improving roadway efficiency, and increasing opportunities for non-motorized travel.

Another important issue facing the region is how to serve remote communities in the County that have historically not been able to be served by traditional transit service, due to their remoteness and geographical and operational challenges. MCOG successfully received a Caltrans Sustainable Communities planning grant to conduct a "Mobility Solutions - Feasibility Study for Rural Areas in Inland Mendocino County" to address this need. This project was initiated in the FY 2021/22 OWP and was completed in the FY 2023/24 OWP. The final study is available on MCOG's website at www.mendocinocog.org.

The purpose of the Overall Work Program for the Mendocino Council of Governments (MCOG), as the Regional Transportation Planning Agency (RTPA) for Mendocino County, is to identify, prioritize and program transportation planning tasks necessary to support a safe, efficient, equitable and resilient regional transportation system. The OWP serves as both a scope of work and a budget framework for the fiscal year's transportation related planning activities, ensuring that local, regional, state and federal priorities are integrated into a coordinated work plan.

MCOG develops its OWP annually, beginning with an application cycle in October, preparation of the draft in February, and adoption of the final document in May. This process ensures early engagement with local agencies, including Mendocino Transit Authority and alignment with state and federal funding programs, and consistency with long-range regional goals.

The objectives and tasks contained within the Overall Work Program and Elements are developed in accordance with the goals and policies of the 2026 Regional Transportation Plan (RTP) (adoption 6/2026). The RTP provides the long-range vision for Mendocino County's transportation system, and the OWP translates that vision into actionable near-term work elements. Together, these documents guide MCOG's efforts to address the county's most

pressing surface transportation needs.

Mendocino County faces unique transportation challenges shaped by its rural geography, dispersed communities, limited transit options, aging infrastructure, and increasing climate-related vulnerabilities. To address these issues, the OWP emphasizes planning priorities that advance safety and system preservation, equitable and accessible mobility, active transportation planning, climate resilience and adaptation, economic vitality and goods movement, housing and land use coordination, and regional collaboration and tribal consultation. These priorities support projects and studies that maintain and improve local roads, bridges, and active transportation facilities; expand mobility options for underserved communities; strengthen pedestrian and bicycle networks; integrate climate adaptation strategies; enhance goods movement and economic access; align transportation planning with land use decisions; and foster strong partnerships with Caltrans, local jurisdictions, the Mendocino Transit Authority, and Mendocino County's federally recognized and non-recognized tribal governments.

In addition to aligning with the Regional Transportation Plan, MCOG's planning activities are guided by the California Transportation Plan (CTP), the State's long-range transportation vision and overarching policy framework. The CTP establishes statewide goals, performance objectives, and strategies intended to support a safe, sustainable, resilient, and equitable transportation system for all Californians. MCOG ensures that regional planning is not only responsive to local needs, but also aligned with California's broader transportation objectives. The CTP shapes how MCOG approaches issues such as safety, climate resilience, equity, multimodal mobility, and system preservation, and it informs the development of work elements that advance statewide strategies, including reducing greenhouse gas emissions, expanding active transportation networks, improving transit access, and supporting readiness for zero-emission vehicles. Incorporating the CTP also strengthens coordination with Caltrans by ensuring that regional studies, grant applications, and planning initiatives reflect the State's long-term priorities. This alignment enhances MCOG's ability to pursue competitive funding opportunities and reinforces statewide consistency by grounding regional decisions in the goals, strategies, and performance measures outlined in the CTP.

MCOG is a Joint Powers Agency comprised of the unincorporated County of Mendocino and the incorporated cities of Fort Bragg, Point Arena, Ukiah and Willits. 2020 California Department of Finance population figures place Mendocino County population at 87,946. This figure includes an unincorporated population of 58,946 and an incorporated population of Ukiah (16,061), Fort Bragg (7,427), Willits (5,072) and Point Arena (451). The bulk of the population in Mendocino County is concentrated in a few areas. Ukiah, Talmage, and Redwood Valley make up the largest single population concentration. Fort Bragg and the coastal area southward to the Navarro River is another population center. Willits, the surrounding Little Lake Valley and the Brooktrails subdivision is the only other large settlement area in the County. Much of the rest of Mendocino County is rural and undeveloped.

The MCOG Board of Directors is comprised of seven members: two members of the County Board of Supervisors, one member from each of the four city councils, and one countywide representative appointed by the Board of Supervisors. With the addition of an eighth member, the representative of the Caltrans District One Director, the MCOG Board becomes the Policy Advisory Committee (PAC).

The MCOG Board annually appoints an Executive Committee to carry out the administrative and executive functions of the Council between regular meetings. The Executive Committee may also be used to review the budget, personnel and policy issues, and make recommendations to the full Council. This three-member committee consists of the MCOG Chair, Vice-Chair, plus one additional Council member selected by the Council. The Council attempts to appoint members to the Executive Committee that reflect a balance between City and County representation. The Executive Committee meets on an as-needed basis.

In addition, MCOG has established the following advisory committees:

1. Technical Advisory Committee (TAC). Advising the MCOG Board of Directors on technical matters is the Technical Advisory Committee. This ten-member committee consists of representatives of planning and public works/transportation staff of each of the Joint Powers entities, an MTA representative, an Air Quality Management District representative, a Caltrans representative, and a non-voting rail representative. In addition to routine items, the TAC is involved in development of the Regional Transportation Improvement Program (RTIP), review of the Regional Transportation Plan (RTP), and development of the annual Transportation Planning Work Program. Meetings are routinely held on a monthly basis, or as needed.
2. Social Services Transportation Advisory Council (SSTAC). A Social Services Transportation Advisory Council has been established in compliance with requirements imposed by Senate Bill 498 (1987) to advise MCOG on the transportation needs of the elderly, handicapped, and economically disadvantaged. The SSTAC also has statutory responsibilities to advise the transportation planning agency on any other major transit needs and recommend new service and service changes to meet those needs. This nine-member committee includes representatives of the transit community, including handicapped and senior transit users; various social service provider representatives; low income representatives, and representatives of the Consolidated Transportation Service Agency (CTSA). SSTAC meetings are typically held twice per year.
3. Transit Productivity Committee (TPC). The Transit Productivity Committee is comprised of five members: two representatives each from the MTA Board and the MCOG Board, plus one senior center representative. The purpose of the TPC is to review transit performance and productivity issues in accordance with standards adopted by MCOG. The TPC also reviews and makes recommendations to MCOG on the annual transit claim and provides input on the annual unmet transit needs process. Meetings are held at least once annually, or more often as needed.
4. Consolidated Transportation Services Agency (CTSA)
As required under TDA regulations, MCOG has established a Consolidated Transportation Services Agency (CTSA). In 1981, MCOG designated the Mendocino Transit Authority (MTA) to serve as the CTSA for Mendocino County. According to TDA regulations, A CTSA may provide transportation services itself or contract with one or more entities to provide service. In either case, the CTSA alone is the claimant for funds under TDA, and bears all the responsibilities of a claimant, including filing of claims, maintaining accurate records, complying with fare revenue requirements, and submittal of fiscal and compliance audit reports. With input from the TPC, the relationship between MCOG and MTA continues to be a positive one in which the community is well served by an efficient and effective local transit system.

MCOG is also a partner in the Northern Rural Energy Network (NREN), a multi-county collaboration focused on advancing energy resilience, and equitable access to clean energy resources in rural Northern California. As a partner, MCOG is responsible for implementing energy efficiency programs that benefit residents, businesses and local governments throughout the region. This expanded responsibility reflects the MCOG Board's commitment to addressing long-term sustainability and climate impacts throughout the region. These activities are funded with dedicated funds specifically for this purpose and happen outside of OWP activities.

MCOG relies on and values the many avenues of government-to-government coordination and consultation with local, state, and federal agencies representing transportation planning in Mendocino County. MCOG works cooperatively with the ten (10) Native American Tribal Governments represented in Mendocino County, including Cahto Tribe of the Laytonville Rancheria, Coyote Valley Band of Pomo Indian, Guidiville Rancheria, Hopland Band of Pomo Indians, Manchester Band of Pomo Indians, Pinoleville Pomo Nation, Potter Valley Tribe, Redwood Valley Rancheria, Round Valley Indian Tribes, and Sherwood Valley Band of Pomo Indians. The Native American Tribes are invited to participate in MCOG and Technical Advisory Committee (TAC) monthly meetings; informed of grant funding available to them; and are invited to participate in tribal and public outreach on current and upcoming projects.

According to FHWA, the Federal Land Management Agencies (FLMAs) include: the Bureau of Indian Affairs, U.S. Forest Service, National Park Service, U.S. Fish and Wildlife Service, Bureau of Land Management, Bureau of Reclamation, and the Department of Defense, including the U.S. Army Corps of Engineers and Military Surface Deployment and Distribution Command (SDDC).

As a regional transportation planning agency, MCOG does not typically implement infrastructure projects that would require consultation with these federal agencies. If a federal or state planning grant required specific consultation or coordination with federal agencies, MCOG staff would follow grant program requirements and provide written notification, as may be required. In the sole construction project that MCOG has implemented, consultation with federal land management agencies was conducted by written communication and site visits with MCOG's project manager.

PUBLIC PARTICIPATION PROCESS

MCOG maintains an ongoing commitment to inclusive, transparent, and accessible public engagement in all regional transportation planning activities. In 2020, MCOG updated and adopted its Public Participation Plan, as required under the Fixing America's Surface Transportation (FAST) Act. This Plan outlines the agency's procedures for public, interagency, and intergovernmental participation related to MCOG's core responsibilities, including development of the Regional Transportation Plan (RTP), Regional Transportation Improvement Program (RTIP), and other planning processes.

MCOG ~~is currently~~ finalized the 2026 Regional Transportation Plan/Active Transportation Plan (RTP/ATP), with adoption ~~anticipated~~ in June 2026, consistent with MCOG's four-year update cycle. In December 2014, MCOG transitioned from a five-year to a four-year RTP update schedule to align the Regional Housing Needs Assessment cycle with an eight-year planning period. The 2026 RTP/ATP update included a comprehensive public participation process.

The current 2026 update will incorporate many engagement tools, including in-person and virtual public outreach events. MCOG held in-person workshops in Fort Bragg, Point Arena, Ukiah, and Willits and a county-wide virtual workshop. Public outreach also included an interactive online mapping tool and survey, both of which were accessible on MCOG's website and promoted through email lists, press releases, flyers, and social media.

Additional stakeholder engagement included:

- A presentation to Mendocino County tribes at a Caltrans District 1 quarterly tribal meeting
- Presentations, either in-person or virtual, at all Municipal Advisory Council (MAC) meetings throughout the county
- In-person outreach at community events throughout the County

In May 2021, MCOG adopted the Coordinated Public Transit–Human Services Transportation Plan, updating the 2015 Plan. This update was completed through a Caltrans-funded statewide consultant contract with participation from MCOG staff and included a virtual public outreach process. The 2021 Coordinated Plan provides a comprehensive strategy to enhance public transportation service delivery and address mobility priorities throughout the countywide service area. The next update is scheduled to begin in the upcoming fiscal year, with adoption anticipated in October 2027.

MCOG will continue to provide these various public outreach methods to ensure continued opportunities for public participation and encourage attendance at MCOG meetings. Consultation with the Native American community will continue a direct communication basis with each tribal government, in addition to encouraging Native American public participation through Native American communities, organizations, groups and individuals. Beginning in FY 2012/13, MCOG increased efforts to include the tribes in the earliest stages of the transportation planning process by inviting representatives of all federally recognized tribal governments in Mendocino County to Technical Advisory Committee meetings, the forum for early discussion of many of MCOG's programs and projects. Those efforts will continue in this work program.

All input gained through this ongoing public participation process will be reviewed and evaluated for integration into plans, projects and policies, as appropriate.

FY 2026/2027 OVERALL WORK PROGRAM – OVERVIEW

The FY 2026/2027 **Final Amended** Overall Work Program totals ~~\$697,284~~ **\$1,717,774**. It includes a variety of projects as identified below and required mandates on MCOG as the Regional Transportation Planning Agency remain at a high level.

In this cycle, MCOG planning staff will be responsible for the implementation of **Thirteen** work elements:

- **Work Element 1 - Regional Government & Intergovernmental Coordination:** Covers day-to-day transportation planning tasks as well as long-range planning duties that are eligible for State Rural Planning Assistance (RPA) funding.
- **Work Element 2 - Planning Management & General Coordination (Non-RPA):** This work element is funded solely with local funds to provide day-to-day management of the work program and general coordination duties that may not be RPA-eligible.
- **Work Element 4 - Sustainable Transportation Planning:** is a work element to support the goals of SB 375 and AB 32 to reduce greenhouse gas emissions and respond to and conduct sustainable transportation planning.
- **Work Element 5 – Mendocino Co. Sea Level Rise Roadway Impact Study (Carryover):** The overall objective of this project is to develop a feasibility study to analyze, identify, and propose modifications to at-risk Mendocino County coastal roads vulnerable to sea level encroachments.
- **Work Element 7 - Planning, Programming & Monitoring:** Covers ongoing planning, programming and monitoring of STIP projects and related issues.
- **Work Element 8 – Regional Vehicle Miles Traveled (VMT) Mitigation Program (Carryover):** This project will develop recommendations for a regional VMT mitigation program that would allow developers and project sponsors to offset project VMT impacts through various methods, including the payment of fees, or direct implementation of, projects and programs that would reduce VMT in Mendocino County.
- **Work Element 10 – SR 20 Willits Multimodal Circulation & Intersection Improvement Study: ~~(PENDING GRANT NEW)~~** This project will identify and prioritize multimodal intersection and circulation improvements along SR 20 from Walker Road to Cropley Lane that enhance safety, reduce conflict points, and improve access for people walking, biking, and driving.
- **Work Element 11 – Pavement Management Plan Update (Carryover):** To perform a triennial update of the County's, City of Ukiah's, City of Willits, and City of Fort Bragg's Pavement Management Program (PMP) to provide a systematic method for determining roadway pavement maintenance, rehabilitation and reconstruction needs.
- **Work Element 14 – Training:** This element provides training for MCOG's planning staff and local agency staff.
- **Work Element 15 – Transportation Information Outreach & Public Participation:** To inform and educate Mendocino County residents and visitors on transportation issues and provide opportunities for public input consistent with the 2020 Public Participation Plan.
- **Work Element 16 – Multi-Modal Transportation Planning:** Covers day to day bicycle, pedestrian, rail and transit planning activities.
- **Work Element 18 – Geographic Information System (GIS) Activities:** Covers GIS related tasks.
- **Work Element 20 – Grant Development and Assistance:** covers all aspects of grant-related activities, including providing assistance to local agencies.

The Mendocino County Department of Transportation will be responsible for one work element: **Work Element 6 – Combined Special Studies** which includes a variety of minor studies and data gathering on County roads and city streets.

The City of Fort Bragg will be responsible for one carryover work element: Work Element 13 –Stormwater Program Asset Management Plan to develop an asset inventory for the City’s stormwater system.

The ~~Final~~ Amended FY 2026/2027 Overall Work Program contains a total of 15 work elements.

FUNDING NEEDS

The **Final Amended** FY 2026/2027 Transportation Planning Overall Work Program requires a total funding of ~~\$1,251,084~~ **\$1,717,774** and will be funded from a combination of Federal, State and Local funds.

FEDERAL FUNDING

Caltrans Sustainable Transportation Planning Grant Program – MCOG has been awarded one grant through the Sustainable Transportation Planning Grant Program, as follows:

Strategic Partnership Planning Grant (FTA 5304) – This Work Program includes a total of new **\$188,800** in FY 2025/26 Sustainable Transportation Planning Grant funds for the project under Work Element 10 (SR 20 Willits Multimodal Circulation & Intersection Improvement Study).

STATE FUNDING

Rural Planning Assistance (RPA) - State RPA funding is anticipated to support the Overall Work Program for FY 2026/2027. The newly allocated RPA funds total **\$404,500**. Additionally, there are ~~\$5,000~~ **\$7,782** of **estimated actual** RPA Carryover Funds, bringing the total RPA funding for the year to ~~\$409,500~~ **\$412,282**.

Planning, Programming & Monitoring (PPM) - In accordance with SB 45 provisions (as revised under AB 608, effective 1/1/02) up to 5% of Mendocino County's Regional Choice (SB 45) funds may be utilized for eligible PPM activities. A total of **\$129,000** in FY 2026/2027 PPM funds are available for programming in this Work Program, plus ~~\$25,000~~ **\$144,566** in **estimated actual** PPM carryover funds, for a total PPM commitment of ~~\$154,000~~ **\$273,566**.

Caltrans Sustainable Transportation Planning Grant Program – MCOG was awarded two grants through the Sustainable Transportation Planning Grant Program, as follows:

Climate Adaption Planning Grant – This Work Program includes a total of ~~\$88,530~~ **\$182,592** in **estimated actual** carryover FY 2024/25 Sustainable Transportation Planning Grant funds for the project under Work Element 5 (Mendocino County Sea Level Rise Roadway Impact Study).

Sustainable Communities (Technical) Planning Grant – This Work Program includes a total of ~~\$177,060~~ **\$273,884** in **estimated actual** carryover FY 2025/26 Sustainable Transportation Planning Grant funds for the project under Work Element 8 (Mendocino County Regional Vehicle Miles Traveled (VMT) Mitigation Program).

The total State funding, including awarded grant funds, programmed in this **Final Amended** Work Program is ~~\$829,090~~ **\$1,142,324**.

LOCAL FUNDING

Local Transportation Fund (LTF) - This **Final Amended** Overall Work Program programs **\$125,000** in FY 2026/2027 LTF funds, plus ~~\$108,194~~ **\$261,650** of FY 2025/26 **estimated actual** carryover funding, bringing the total committed LTF in the OWP to ~~\$233,194~~ **\$386,650**.

Of the total ~~\$1,251,084~~ **\$1,717,774** **Final Amended** FY 2026/2027 Overall Work Program, the commitment from local funding sources totals ~~\$233,194~~ **\$386,650** (~~19%~~ **23%**)

FY 2026/27 (FINAL AMENDED) OVERALL WORK PROGRAM

WORK ELEMENT 1: MCOG – REGIONAL GOVERNMENT & INTER-GOVERNMENTAL COORDINATION

PURPOSE:

This comprehensive work element covers **RPA-eligible** regional transportation planning duties and ongoing coordination with state, regional and local agencies; as well as long-range transportation planning duties including streets/roads/highways, air quality, aviation, and transit planning.

This work element includes only tasks that are eligible for Rural Planning Assistance (RPA) funds. A separate work element (W.E. 2) funds similar tasks that may not be RPA-eligible with local transportation funds.

PREVIOUS WORK

This work element represents an ongoing process of current and long-range transportation planning in Mendocino County. In addition to ongoing transportation planning and intergovernmental coordination, examples of past projects include staff time spent on coordination and attendance at quarterly Native American Tribal meetings, coordination and attendance at various Caltrans meetings (Hopland 101 ADA project, project status meetings, quarterly RTPA meetings), and reviewing new federal infrastructure program (Infrastructure Investment and Jobs Act) (IIJA). Staff time spent under this element also included information review and response and attendance at CalSTA-sponsored meetings and workshops, reviewing and commenting on new Climate Action Plan for Transportation Infrastructure (CAPTI), and coordination and attendance at Rural Counties Task Force (RCTF) and North State Super Region (NSSR) meetings. Ongoing tasks included meeting preparation and attendance at MCOG's monthly Technical Advisory Committee (TAC) and Council meetings.

Previous Deliverables Particular to FY 2025/26:

- FY 2025/26 Annual Overall Work Program; including Call for Projects, Draft, Final, Amendments, Quarterly Reports and Request for Reimbursements. (RPA eligible work elements)
- FY 2025/26 MCOG Board of Directors and Technical Advisory Committee (TAC) meeting attendance, staff reports and minute preparation. (All of these documents can be found on www.mendocinocog.org)

TASKS TO BE COMPLETED IN FY 2026/27:

1. Regional transportation planning duties, including attendance at **RPA-eligible portions** of Rural Counties Task Force (*bi-monthly*) and California Transportation Commission meetings (*monthly/bi-monthly*); travel and work assignments; and evaluation of regional highway planning issues as directed by MCOG. (MCOG)
Products may include: Meeting notes; staff reports/recommendations; correspondence
2. Preparation of the **RPA-eligible portions** of draft and final work program; work program amendments, and agreements. (MCOG)
Products may include: Staff reports/recommendations; draft and final work programs; amendments; agreements; required forms and certifications
3. Management of the **RPA-eligible portions** of the annual work program, including processing of amendments and agreements, coordination with Caltrans and local agency staff; monitoring budgets, reviewing and processing claims; and preparation of quarterly status reports. (MCOG)
Products may include: Staff reports/recommendations; written and verbal communications; claims; quarterly reports
4. Meeting preparation and attendance for **RPA-eligible portions** of MCOG (*monthly, or as needed*), and TAC (*monthly, or as needed*) meetings, and accommodations for citizen participation. (MCOG).
Products may include: Agendas; minutes; staff reports/ recommendations; resolutions; public notices
5. Meeting attendance, as necessary, at **RPA-eligible portions** of local agency meetings (e.g. City Council/Board of Supervisors) on transportation related matters; and coordination with local agencies on transportation-related matters. (MCOG)

Products may include: Staff reports/recommendations; meeting notes

6. Implementation of the Infrastructure Investment and Jobs Act (IIJA), also known as the Bipartisan Infrastructure Law Bill (BIL) or any new federal transportation legislation including responding to required changes in transportation planning process brought about by a new federal transportation bill and California legislation; meeting attendance; teleconference participation; review related correspondence and responding to issues, as needed. (MCOG)

Products may include: Research and analysis of issues and legislation; staff reports/recommendations; policies and procedures resulting from FAST Act implementation; meeting notes; correspondence

MCOG staff's involvement in the following tasks is not engineering or political. (MCOG)

7. Current and long range **RPA-eligible** transportation planning, meeting attendance (*as needed*), and work assignments. MCOG staff's involvement in these tasks is of a **planning nature**, and may include communication, review of documents, plans, or studies; and preparation of correspondence, etc.

Products may include: Staff reports/recommendations; correspondence; meeting notes, comments provided on reviewed plans or studies

8. Aviation related planning duties including reviewing/ responding to correspondence from Caltrans District One and Caltrans Division of Aeronautics and coordinating regional surface transportation planning activities with airport management, as necessary. MCOG staff's involvement in these tasks is of a **planning nature**, and may include meeting attendance, communication, review of documents, plans, or studies; preparation of correspondence, etc.

Products may include: staff reports/recommendations; correspondence; meeting notes

9. Goods movement/freight-related transportation planning duties, including responding to correspondence, providing coordination with federal, state, local agencies, tribal communities and airport management and air cargo service providers, on long range issues as needed. MCOG will coordinate with Caltrans District 1 and the Office of System and Freight Planning (OSFP) on related issues, needs, projects and strategies for developing or updating the California Freight Mobility Plan, as needed, including participation on the California Freight Advisory Committee. MCOG staff's involvement in these tasks is of a **planning nature**, and may include meeting attendance, communication, review of documents, plans, or studies; preparation of correspondence, etc.

Products may include: Staff reports/recommendations; correspondence; meeting notes

10. Ongoing participation and coordination with the Caltrans District Strategic Planning (Caltrans Project Development Procedures Manual Ch. 1, Pg. 1-29) process, and coordination with Caltrans Planning staff on long-range planning documents and processes, including but not limited to the District Strategic Plan, Corridor Plans and System Management Plans. MCOG staff's involvement in these tasks is of a **planning nature**, and may include meeting attendance, communication, review of documents, plans, or studies; preparation of correspondence, etc.

Products may include: Staff reports/recommendations; correspondence; meeting notes, MCOG memo outlining comments

11. Participation in Advanced Transportation Systems (ATS) applications to rural counties, as necessary. (MCOG)

Products may include: Staff reports/recommendations; correspondence; meeting notes

12. Participation on Project Development Teams (PDTs) for various transportation projects or transportation planning projects, as may be requested by Caltrans, County or cities (*i.e. Hopland 101 ADA project, North State Street project.*); and assist agencies in implementing recommendations. (MCOG)

Products may include: Staff reports/recommendations; correspondence, and meeting notes

13. Work with Caltrans and local agencies to identify and document transportation facilities, projects and services required to meet regional and interregional mobility and access needs, including working to improve the efficiency of Highway 101 interchanges, as well as local and regional transportation facilities. (MCOG).

Products may include: Staff reports/recommendations; correspondence, and meeting notes

14. Participate with regional, local and state agencies, the general public, and the private sector in

planning efforts to identify and plan policies, strategies, programs and actions that maximize and implement the regional transportation infrastructure. (MCOG)

Products may include: Staff reports/recommendations; correspondence, and meeting notes

15. Coordination and consultation with all tribal governments. (MCOG)

Products may include: Documentation of tribal consultation

16. Participate and respond to Advanced Transportation System (ATS) and Intelligent Transportation System (ITS) applications, documents, and issues, as they may relate to rural regions, including meeting attendance, review of documents and plans, and development of grant applications. (MCOG)

Products may include: Staff reports/recommendations, correspondence, meeting notes, comments on documents reviewed, grant applications

17. Work with the TAC, local agencies, and Caltrans on follow up and evaluation of the local road safety plan strategies.

18. Provide \$2,000 contribution to Rural Counties Task Force for annual dues. (RCTF)

Products: Payment to RCTF

19. Staff will monitor federal and state planning grant requirements and initiate consultation with Federal Land Management Agencies (FLMAs) when required. This may include preparing and issuing written notifications, coordinating correspondence, and meetings as appropriate to ensure compliance.

Products may include: Staff reports/recommendations, correspondence, meeting notes, comments on documents reviewed

20. Staff will implement the 2026 Regional Transportation Plan/Active Transportation Plan (RTP/ATP) by integrating its goals, policies, and priority strategies into annual planning activities. This will include coordinating with local agencies and Caltrans to advance projects identified in the RTP/ATP; develop planning studies and technical work that support future projects; preparing grant applications that align with RTP/ATP priorities; monitoring progress toward plan objectives; and ensuring that regional transportation decisions remain consistent with the long-range vision for Mendocino County. Staff will reference the RTP/ATP throughout the fiscal year when evaluating planning proposals, identifying unmet needs, participating in interagency coordination, and supporting multimodal, safety, climate resilience, and active transportation initiatives.

Products may include: Staff reports/recommendations, correspondence, meeting notes, comments on documents reviewed, grant applications

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	217	\$168,000	2026/27	State RPA
	16	\$12,755	2025/26 CO	State PPM
	1	\$620	2024/25 CO	State PPM
Direct Costs	n/a	\$2,000	2026/27	State RPA
TOTAL:	234	\$170,000		State RPA
		\$183,375		

* Use of State RPA funds must be in accordance with Caltrans' procurement and other requirements (no consultant mark-up; approved travel rates, etc.) Contact MCOG staff with questions.

ESTIMATED SCHEDULE

Tasks	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
1	x	x	x	x	x	x	x	x	x	x	x	x
2	x	x	x	x	x	x	x	x	x	x	x	x
3-16		x	x	x	x	x	x	x	x	x	x	x

18	x											
19	As needed											
20	x	x	x	x	x	x	x	x	x	x	x	x

** Deliverables and products align with the outlined schedule. Many of these tasks are ongoing, with corresponding deliverables becoming available as staff engages in one or more of the tasks referenced above.*

WORK ELEMENT 2: MCOG – PLANNING MANAGEMENT & GENERAL COORDINATION **(Non-RPA)**

PURPOSE:

This comprehensive work element includes transportation planning tasks that **may not be eligible for Rural Planning Assistance (RPA) funds**, including development and management of the Overall Work Program, routine day-to-day transportation planning duties, general coordination activities with state, regional, local, and community agencies. It covers current as well as long range duties for all transportation modes, including streets/roads/highways, non-motorized transportation, air quality, aviation, and transit planning.

PREVIOUS WORK

Many of these routine duties were previously performed under Work Element 1 (Regional Government & Intergovernmental Coordination). In FY 2017/2018, they were separated into a new work element (funded with Local Transportation Funds) to segregate non-RPA eligible activities.

In addition to ongoing transportation planning and coordination, examples of past projects include staff time spent on road feasibility study projects for County Department of Transportation and Caltrans, Highway 101 interchange projects, and long range planning projects in Gualala, Covelo, and Hopland.

Previous Deliverables Particular to FY 2025/26:

- FY 2025/26 Annual Overall Work Program; including Call for Projects, Draft, Final, Amendments, Quarterly Reports and Request for Reimbursements. (Non-RPA eligible work elements)
- FY 2025/26 MCOG Board of Directors and Technical Advisory Committee (TAC) meeting attendance, staff reports and minute preparation. (All of these documents can be found on www.mendocinocog.org)
- Pavement Management Program Update Request for Proposal
- Project related Direct Expenses
- Participation in SSTAC Meetings and Annual Unmet Needs work

TASKS TO BE COMPLETED IN FY 2026/27:

1. Day-to-day transportation planning duties that **may not be eligible for RPA funds**, including attendance at Rural Counties Task Force (*bi-monthly*) and California Transportation Commission meetings (*monthly/bi-monthly*) **that may include administrative, non-planning agenda items**; travel and work assignments. (MCOG)
Products may include: Meeting notes; staff reports/recommendations; correspondence
2. Preparation of draft and final work program and work program amendments, for work elements that **do not involve Rural Planning Assistance (RPA) funds**. (MCOG)
Products may include: Staff reports/recommendations; draft and final work programs; amendments; required forms and certifications
3. Management of the **non-RPA funded work elements** of the annual work program, including processing of amendments, coordination with Caltrans and local agency staff; monitoring budgets, reviewing and processing claims; and preparation of quarterly status reports. (MCOG)
Products may include: Staff reports/recommendations; written and verbal communications; claims; quarterly reports
4. Meeting preparation and attendance for MCOG (*monthly, or as needed*), and TAC (*monthly, or as needed*) meetings, and accommodations for citizen participation, for agenda items that involve **non-RPA eligible activities**. (MCOG).
Products may include: Agendas; minutes; staff reports/ recommendations; resolutions; public

notices

5. Meeting attendance, as necessary, at local agency meetings (e.g. City Council/Board of Supervisors) on transportation related matters; and coordination with local agencies on transportation-related matters, **on non RPA-eligible issues**. (MCOG)
Products may include: Staff reports/recommendations; meeting notes
6. Conduct multi-modal transportation planning duties **that may not be RPA-eligible**, for all transportation modes, including reviewing/commenting on correspondence and planning documents, and monitoring local, regional, statewide, and federal transportation issues. (MCOG)
Products may include: Staff reports/recommendations; written and verbal communications.
7. Meeting preparation and attendance for Social Services Transportation Advisory Council (SSTAC) meetings (*bi-annually, or as needed*); review/comment on findings and recommendations of SSTAC regarding unmet transit needs process; hold public hearings (*annually*), publish public notices, and overall SSTAC coordination. (MCOG)
Products may include: Agendas, minutes, staff reports/recommendations; correspondence; public notices
8. RSTP planning related duties that **may not be eligible for RPA funds**, including coordination with local agencies to receive annual RSTP D (1) formula funding; respond to/implement changes in RSTP process that may arise and/or a change in MCOG policies; participate in local partnerships for awarding MCOG's "regional share" of RSTP D(1) funds; develop recommendations or policies for MCOG consideration to award RSTP funds for project development (or other project component) activities, and administer competitive RSTP application cycle, if warranted. (MCOG)
Products may include: Staff reports/recommendations; correspondence; application materials.
9. Current and long range transportation planning, meeting attendance (*as needed*), and work assignments that **may not be RPA eligible**. MCOG staff's involvement in these tasks is of a **planning nature**, and may include meeting attendance, communication, review of documents, plans, or studies; preparation of correspondence; etc. MCOG staff's involvement in these tasks is not engineering or political. (MCOG)
Products may include: Staff reports/recommendations; correspondence; meeting notes
10. Follow-through, as needed, on transportation-related issues identified in the completed Interregional Partnership Program (IRP) grant that was funded through the California Department of Housing & Community Development (HCD), and subsequent phases (i.e. coordination with Lake County/City Area Planning Council on Wine Country IRP/Phase III – four county traffic model.) MCOG staff's involvement in these tasks is of a **planning nature**, and may include meeting attendance, communication; review of documents, plans, or studies; preparation of correspondence, etc. MCOG staff's involvement in these tasks is not engineering or political. (MCOG)
Products may include: Staff reports/recommendations; correspondence; meeting notes
11. Participation on Project Development Teams (PDTs) for various road feasibility study projects or transportation planning projects **that may not be RPA-eligible**, as may be requested by Caltrans, County or cities, and assist agencies in implementing recommendations. (MCOG)
Products may include: Staff reports/recommendations; correspondence, and meeting notes
12. Monitor and respond to transportation-related legislation (e.g. *SB 743 CEQA –Transportation Analysis; Transportation Funding Reform legislation*) including applicability to local agencies and regional transportation planning agencies. (MCOG)
Products may include: Staff reports/recommendations; correspondence; meeting notes.

13. Participate and respond to Advanced Transportation System (ATS) and Intelligent Transportation System (ITS) applications, documents, and issues, as they may relate to rural regions, including meeting attendance, review of documents and plans, and development of grant applications. (MCOG)

Products may include: Staff reports/recommendations, correspondence, meeting notes, comments on documents reviewed, grant applications

14. Develop and Prepare RFPs and coordinate studies consistent with regional transportation planning related tasks, plans and studies to reduce duplication of work and analysis.
Products may include: correspondence, meeting notes, comments on documents reviewed, Request for Proposals (RFP)

15. Various direct expenses relating to work element projects in the Overall Work Program.
Products may include: GIS Annual ArcView License, outreach/meeting expenditures; including food, drinks, facility rentals, travel, etc.

WORK ELEMENT 3: INTENTIONALLY LEFT BLANK

WORK ELEMENT 4: MCOG – SUSTAINABLE TRANSPORTATION PLANNING

PURPOSE:

To support the goals of SB 375 and AB 32 to reduce greenhouse gas emissions and reduce vehicle miles traveled (VMT), while focusing on a more resilient multi-modal transportation network in Mendocino County.

PREVIOUS WORK

Some of these tasks were previously performed under Work Element 1 (Regional Government & Intergovernmental Coordination). Governor's Executive Orders EO N-19-19 (greenhouse gas reduction goals) and EO-79-20 (zero emission vehicles), and the State's Climate Action Plan for Transportation Infrastructure (CAPTI).

Previous Work Particular to FY 2025/26:

- Vehicle Miles Traveled (VMT) Webinars
- Reviewed particular studies to help familiarize staff on VMT Mitigation Programs.
- Bi-Monthly Coastal Resilience/Climate-Related Workshops hosted by Grass Roots Institute
- Participation in meetings and/or workshops regarding news and updates on greenhouse gas emissions.
- Researched and updated goals and policies in the Regional Transportation Plan related to the goals of SB 375 and AB 32.
- Various communication and follow-up with the Mendo Seal Level Rise Project.

TASKS TO BE COMPLETED IN FY 2026/27:

1. Current and long range transportation planning duties to implement the goals of the Regional Transportation Plan; and support SB 375 and AB 32 concepts to reduce greenhouse gas emissions and Vehicle Miles Traveled (VMT). (MCOG) *(Mendocino County is in attainment for all federal air quality standards; therefore, transportation conformity requirements under 40 CFR 93 Subpart A do not apply.)*
Products may include: Staff reports/recommendations; correspondence
2. Participate in Federal and State Clean Air Act transportation related air quality planning activities that may arise. (MCOG)
Products may include: Staff reports/recommendations; correspondence
3. Review/respond, as needed, to issues identified by the Strategic Growth Council, including reviewing/commenting on emerging programs and guidelines that may be developed, including applicability and opportunities/challenges for rural areas. (MCOG)
Products may include: Staff reports/recommendations; correspondence
4. Review/respond, as needed, to issues identified by the Air Resources Board, including reviewing/commenting on emerging programs and guidelines that may be developed, including applicability and opportunities/challenges for rural areas. (MCOG)
Products may include: Staff reports/recommendations; correspondence
5. Review/respond, as needed, to emerging cap and trade issues, including reviewing/commenting on various programs and guidelines that may be developed. (MCOG)
Products may include: Staff reports/recommendations; correspondence
6. Review/respond, as needed, to climate change related issues (Sea Level Rise & Coastal Erosions, Wildfires, Flooding & Landslides, and Drought & Water Scarcity) and monitor programs related to transportation. As part of this effort, MCOG staff will review materials, provide input when

requested, and participate in coordination activities related to Mendocino County's FY 2025/26 planning grant, the Climate Adaptation Storm Drainage Vulnerability Analysis, to remain informed of the project's progress. (MCOG)

Products may include: Staff reports/recommendations; correspondence

7. Review/respond as needed, to issues related to the reduction of greenhouse gas emissions pertaining to motorized and non-motorized transportation, including regional planning and preparedness for alternative fuels, zero emission vehicles, and infrastructure for zero emission vehicles, and efforts to reduce vehicle miles traveled (VMT). (MCOG)
Products may include: Staff reports/recommendations; correspondence
8. Coordination with state and local agencies on sustainable transportation related matters, including meeting attendance, as necessary, at agency meetings (e.g. California Transportation Commission/City Councils/Board of Supervisors); and reviewing/responding to related issues. (MCOG)
Products may include: Staff reports/recommendations; correspondence
9. Participate with the North State Zero Emissions Vehicles Working Group, Redwood Coast Energy Authority, and other partners that may be identified to coordinate and conduct planning activities to support implementation of zero emission vehicles, charging stations, and alternative fuel infrastructure projects in the region; and, participate in federal, state, local, or private funding opportunities that may become available. (MCOG)
Products may include: Products may include: Webinars, workshops, educational materials, collaboration, grant applications, correspondence, staff reports/recommendations.
10. Preparation of staff reports on various issues related to sustainable transportation, for Technical Advisory Committee (TAC) and MCOG, as needed. (MCOG)
Products may include: Staff reports/recommendations; correspondence
11. Meeting preparation and attendance for MCOG (*monthly, or as needed*), and TAC (*monthly, or as needed*) on items related to sustainable transportation. (MCOG)
Products may include: Agendas; minutes; staff reports/ recommendations; resolutions; public notices
12. Air quality planning duties including receiving agendas/monitoring activities of Air Quality Management District; coordination with Air Quality Management District regarding transportation planning activities which may impact regional air quality; reviewing correspondence from State/Federal and local agencies which pertain to air quality issues. MCOG staff's involvement in these tasks is of a planning nature, and may include meeting attendance, communication; review of documents, plans, or studies; preparation of correspondence, etc. MCOG staff's involvement in these tasks is not engineering or political. (MCOG)
Products may include: staff reports/recommendations; correspondence; meeting notes
13. Coordination and consultation with all tribal governments. (MCOG)
Products may include: Documentation of tribal consultation
14. Identify and coordinate documents relating to regional transportation and community goals while coordinating and considering land use, housing, economic development, social welfare and environmental preservation. (MCOG)
Products may include: staff reports/recommendations; correspondence, review/comment on local documents; meeting attendance; written and oral communications
15. Develop partnerships with local agencies and tribal governments responsible for land use decisions

to facilitate coordination of regional transportation planning with land use, open space, job-housing balance, environmental constraints and growth management. (MCOG)
Products may include: meeting attendance, documentation of tribal consultation, staff reports/recommendations, written and oral communications

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	15	\$11,500	2026/27	State RPA
TOTAL:	15	\$11,500		

ESTIMATED SCHEDULE

Tasks	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
1-15	x	x	x	x	x	x	x	x	x	x	x	x

** Deliverables and products align with the outlined schedule. Many of these tasks are ongoing, with corresponding deliverables becoming available as staff engages in one or more of the tasks referenced above.*

WORK ELEMENT 5: MCOG – MENDOCINO COUNTY SEA LEVEL RISE ROADWAY IMPACT STUDY (CARRYOVER)

PURPOSE:

The overall objective of this project is to develop a feasibility study to analyze, identify, and propose modifications to at-risk Mendocino County coastal roads vulnerable to sea level encroachments. The study will result in the development of a final report that includes **five (5)** priority locations for the at-risk roads, existing conditions at these locations, prioritization, and feasible alternatives for modifications.

PREVIOUS WORK

Previous Work Particular to FY 2025/26:

- **Task 01: Project Administration (Ongoing through project)**

MCOG shall hold a project kick-off meeting with Caltrans staff to discuss grant procedures and project expectations including invoicing, quarterly reporting, and all other relevant project information.

- **Task 02: Consultant Procurement**

MCOG shall prepare a Request for Proposals (RFP) and Scope of Work and distribute to qualified consulting firms to obtain competitive bids. Form a Consultant Selection Committee to review proposals and recommend selection of a consultant. Prepare and execute contract with successful consultant. Hold kick-off meeting with successful consultant. Procurement procedures shall be consistent with state and federal requirements, and MCOG's adopted Procurement Policies and Procedures Manual.

Task Deliverables (Responsible Party: MCOG): Request for Proposals; Procurement Procedures; Consultant Selection Committee agenda and meeting notes; executed consultant contract (MCOG) Consultant kick-off meeting, agenda, and meeting notes (MCOG, Consultant)

- **Task 1: Project Kick-off Meeting**

MCOG shall schedule and hold a project kick-off meeting (with consultant, Mendocino County Department of Transportation (MCDOT), and Caltrans District 1) to refine scope of work and discuss the intent of the project. Meeting may be held in a virtual or in-person format. MCOG shall prepare the meeting agenda; Consultant shall prepare the meeting notes. (MCOG, Consultant, County, Caltrans)

Task Deliverables (Responsible Party: MCOG): Project kick-off meeting with Caltrans

- **Task 2: Literature Review**

Consultant shall conduct a literature review of available climate vulnerability and climate-related studies performed by Caltrans or other agencies on local (County/City) transportation facilities along the Mendocino Coast. Consultant shall review the State's Climate Action Plan for Transportation Infrastructure (CAPTI), Climate Change Adaptation Strategy, California Adaptation Planning Guide, and related-resources that may be found on the State Adaptation Clearinghouse, to ensure alignment of this study with State guidance.

Literature review shall include review and consideration of State Sea Level Rise guidance resources like the Ocean Protection Council's State SLR Guidance, the Coastal Commission's SLR Policy Guidance, and any certified Local Coastal Plans (LCP). USGS CosMoS SLR groundwater table rise, cliff retreat, and flooding information (anticipated release summer 2024) should be reviewed and reflected as a baseline understanding of SLR exposure.

Consultant shall prepare a technical memorandum summarizing the literature review.

Task Deliverables (Responsible Party: Consultant): Literature Review Technical Memorandum (Consultant)

- **Task 3: Existing Conditions/Data Collection and Mapping**

Existing Conditions/Data Collection – Consultant shall conduct site visits to coastal transportation facilities identified by County or City staff as being at risk of adverse impacts from climate-related impacts, including Sea Level Rise (SLR). In addition to an initial list provided by County and City staff, additional at-risk transportation facilities are expected to be identified during the course of the project, including during stakeholder/community outreach. Consultant shall gather and review existing documents and data for preliminary research (e. g. right of way ownership, environmental conditions, corridor characteristics, etc.) and assess existing conditions of identified roadways/streets.

Consultant shall research applicable safety, Americans with Disabilities Act (ADA) and legal requirements, and road standards, as applicable, and shall consult with MCDOT about county regulations and requirements for facility development or improvement.

Mapping – Consultant shall gather, develop, and refine mapping data to provide aerial maps to show key project features of identified transportation facilities. Consultant shall use exhibits based on these aerial maps for public community workshops.

Consultant shall consider information and guidance gained from the Task 2 literature review to inform existing conditions, data collection, and mapping.

Task Deliverables (Responsible Party: Consultant): Existing Conditions Memorandum (Consultant); Data Collection - roadway data; location maps; AutoCAD maps, aerial maps, project exhibits for public workshops (Consultant). This task includes travel expense (Consultant)

- **Task 4: Public Outreach/Stakeholder Engagement**

Consultant shall conduct general community outreach, as well as targeted outreach to underserved and tribal communities in the public outreach/stakeholder engagement effort planned for this study. Community workshops and public engagement events will be conducted in a combination of in-person and virtual formats to solicit community input on coastal County/City transportation facilities that may be at risk from sea level rise and climate-related impacts. In addition to general community outreach, consultant shall develop a stakeholder list, which shall include representatives from Caltrans, the California Coastal Commission, the County of Mendocino, City of Fort Bragg, City of Point Arena, Manchester Band of Pomo Indians, Sherwood Valley Band of Pomo Indians, Gualala Municipal Advisory Council, and Westport Municipal Advisory Council, Grass Roots Institute, Action Network, Mendocino Land Trust, Mendocino Parks and Recreation District, California Highway Patrol, Mendocino County Sheriff, Fourth and Fifth District County Supervisors, as well as other members that may be identified.

Consultant shall coordinate with the Mendocino County Department of Planning and Building Services on their Mendocino County Sea Level Rise Resilience Strategy, State Route 1 Traffic-Highway Capacity Study, and Coastal Groundwater Study, for their Local Coastal Plan (LCP) update, to determine how those projects may inform this study.

Two in-person public workshops shall be conducted (one on the south coast in Point Arena, and one on the north coast in Fort Bragg), in addition to one virtual workshop, to encourage participation from all areas of the coast. In addition to these workshops, consultant shall propose a mix of in-person and virtual activities that allow for a diverse range of outreach methods (e.g., paper and electronic surveys, direct mailings, project website, pop-up events at local gatherings, etc.). Spanish translation of outreach materials shall be provided, as needed. (MCOG's bi-lingual staff will provide Spanish interpretation services at public workshops, as needed.) Opportunities for stakeholder engagement shall be made at the start, middle, and end of the project to obtain adequate public input.

Consultant shall provide all necessary equipment and staffing for delivery of workshop presentations. MCOG shall assist consultant with identification of workshop venues. Consultant

shall include estimated venue rental fees and light snacks for workshops in proposal.

Consultant shall prepare a Public Outreach Summary, summarizing outreach efforts conducted, advertising methods, and public input received. This summary shall be included as an appendix in the draft/final study.

Task Deliverables (Responsible Parties: MCOG, Consultant):

- *Public outreach events - planning, scheduling, advertising, preparing for and attending three community workshops (two in-person, one virtual); PowerPoint presentations and workshop materials (utilizing maps from task 4); flyers/advertising materials/news releases/website announcements, developing and conducting surveys, development and advertisement of project website, comment cards, Spanish translation of outreach materials. etc. (Consultant)*
- *Spanish interpretation services at public workshops (MCOG)*
- *List of stakeholders for advertisement of public workshops (Consultant)*
- *Workshop venue rental fees, and light snacks (no full meals) (Consultant)*
- *Public Outreach Summary (Consultant)*
- *This task includes travel expense (Consultant)*

TASKS TO BE COMPLETED IN FY 2026/27:

Task 01: Project Administration

Task 1: Coordination with Project Partners and Invoicing

Coordination with Project Partners – MCOG shall form a Technical Advisory Group (TAG) with representatives from the Mendocino County Department of Transportation, Caltrans, California Coastal Commission, MCOG, and the consultant, to meet monthly (virtually), or as needed, throughout the project to provide input, review deliverables, and address any issues that may arise. Consultant shall schedule, prepare for, and attend TAG Meetings, and provide agendas and meeting notes.

Consultant shall coordinate with MCDOT staff as primary technical resource staff, and with MCOG as the primary resource related to Caltrans grant and MCOG contract requirements.

Invoicing and Monthly Reports – Consultant shall submit monthly invoices, accompanied by a brief summary of work performed. Invoices shall be consistent with Caltrans's Local Assistance Procedures Manual, Chapter 5 – Invoicing, available at: <https://dot.ca.gov/-/media/dot-media/programs/local-assistance/documents/lapm/ch05.pdf>

Task Deliverables (Responsible Parties: MCOG, MCDOT, Caltrans, Consultant)

- TAG agendas and meeting notes (Consultant), TAG meetings (MCOG, MCDOT, Caltrans, Consultant)
 - Monthly consultant invoices, with summary reports (Consultant)
- This task includes travel expense (Consultant)

Task 5: Preliminary Technical Studies and Cost Estimates

Consultant shall conduct a Preliminary Environmental Overview to identify environmental constraints (identification only, no environmental work), including consideration for the adaptation needs of environmental resources in proximity to the roads, such as coastal resources like tidal marsh or beaches, wildlife connectivity, wetlands, or fish passage.

Consultant shall gather geologic information and cultural/archaeological information.

Consultant shall conduct Preliminary Roadway Layouts to identify potential roadway modifications to provide resiliency from sea level rise, and develop preliminary roadway alternatives layouts.

Consultant shall develop preliminary (conceptual) cost estimates for identified roadway alignments including design, environmental analysis, permitting, ROW acquisition (if required), and construction.

Task Deliverables (Responsible Party: Consultant)

- Preliminary Environmental Overview Report (Consultant)
- Geologic and Soils Report (Consultant)
- Roadway Modifications for Resiliency Maps (Consultant)
- Preliminary Cost Estimates (Consultant)

Task 6: Prioritization and Alternatives Analysis

Alternatives Analysis – Consultant shall develop prioritization criteria for evaluation of identified transportation facilities, and criteria for alternatives analysis, such as impacts to existing conditions, traffic circulation, connectivity for multi-modal transportation, right of way and utility impacts, environmental impacts, projected construction costs, and cost-benefit analysis. Consultant shall then prioritize identified roadways, analyze alternatives for maintaining existing traffic circulation, and develop recommendations for each identified transportation facility.

Consultant shall consider information and guidance gained during the Task 2 literature review to develop priorities and alternative analyses for the final deliverables.

Presentation of Alternatives – Consultant shall present alternatives and recommendations to TAG for review.

Task Deliverables (Responsible Party: Consultant)

- Prioritization criteria: prioritized list of identified facilities; Alternatives Analysis report (Consultant)
- Presentation of Alternatives Analysis Report to TAG (Consultant)

Task 7: Draft and Final Feasibility Report

Prepare Draft Report – Consultant shall prepare Draft Feasibility Study which shall incorporate all deliverables from Tasks 1-6, above. Draft shall include implementation recommendations, next steps, funding strategies and potential funding sources.

Present Draft Report – Consultant shall present Draft Report to the TAG for feedback. Consultant shall make the draft report available for public review on a to-be-developed project website and appropriately advertise its availability.

Prepare Final Report – Consultant shall prepare Final Report, incorporating TAG and public comment, as appropriate.

Present Final Report – Consultant shall present Final Report (PowerPoint Presentation) at public meeting of the Mendocino Council of Governments (MCOG), for acceptance by MCOG.

Task Deliverables (Responsible Party: Consultant)

- Draft Report (electronic copy) (Consultant)
- Presentation to TAG, TAG agenda and meeting notes (Consultant)
- Final Report (5 print copies, plus electronic copy) (Consultant)
- PowerPoint presentation to MCOG Board (Consultant)

This task includes travel expense (Consultant)

NEXT STEPS – This feasibility study report will include information on next steps, funding strategies and potential funding sources (see task 7). Next steps after project completion will involve local agencies utilizing information in the feasibility study report to seek appropriate grant funding to implement recommended improvements/modifications.

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source

WORK ELEMENT 6: CO. DOT – COMBINED SPECIAL STUDIES

PURPOSE:

The purpose of this project is to perform special studies that will aid in safety improvements, prioritization of improvements for the overall region's local streets and roads systems (including the County Maintained Road System (CMRS) and the Cities' Street Systems), and in the implementation of the Regional Transportation Plan. This project will collect data and perform special studies for use by local agencies to improve the safety of the CMRS and Cities' Street Systems by identifying traffic signing, marking deficiencies, and other potential hazards on roads, updating the transportation database and performing special studies as needed.

This proposed work element directly supports the safety and efficiency aspects of the defined goal for local roads and streets in the Mendocino County Regional Transportation Plan.

PREVIOUS WORK

This work element previously consisted of two separate work elements (W.E. 4 Road System Traffic Safety Review and W.E. 6 Special Studies) which have been included in the annual Work Program since the late 1980's. Together, they have provided for the maintenance and analysis of traffic accident records and the performance of numerous traffic studies on the CMRS; funded the collection and processing of data from traffic volume counts, radar speed surveys and other traffic studies for the incorporated cities; and have identified deficiencies and recommended improvements for numerous portions of the CMRS. They were combined into one work element, for efficiency, in FY 2012/13. This 2026/2027 combined work element will continue these and similar efforts.

Previous Work/Deliverables Particular to FY 2025/26:

- *FY 2025/26 Mendocino County Special Studies Report*

TASKS TO BE COMPLETED IN FY 2026/27:

1. Update and analyze records of reported accidents on County Maintained Road System and make recommendations for improvements. (MCDOT)
2. Perform traffic surveys and analyses as requested. (MCDOT)
3. Research traffic accident records of area of County to be reviewed. (MCDOT)
4. Conduct field review of traffic signing and markings. (MCDOT)
5. Identify deficiencies and make recommendations for improvements on the surveyed roads. Pavement, roadway geometry and signing/marketing requirements for efficient truck movements will be considered among recommendations for improvement on identified goods movement routes. (MCDOT)
6. Update the Pavement Condition Index (PCI) in Streetsaver. (MCDOT)
7. Provide traffic analysis support services for the incorporated cities in Mendocino County. (County DOT)
8. Coordinate and consult with all tribal governments. (MCDOT)

PRODUCTS:

The following products will improve the local transportation system by providing the wherewithal for such actions as replacing substandard traffic control signs and markings, removing unnecessary/confusing traffic control signs, setting realistic and enforceable speed zones, and providing some of the traffic engineering data that will eventually be needed for design of road or street improvements for applicable segments of the public agency transportation networks within Mendocino County.

1. Special Studies Summary - Identifies studies performed for County or City agencies, which will provide safety benefits to the region's local streets and roads systems. The Summary will include tasks, products and recipient agencies.
2. Road System Traffic Safety Review Report - Identifies deficiencies and makes recommendations for improvements on the surveyed roads. The 2026/2027 Report will cover review of the Coastal area of the County.
3. Documentation of tribal government-to-government relations, as applicable.

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
Co. DOT	100	\$56,000	2026/27	State RPA
TOTAL:	100	\$56,000		

* Use of State RPA funds must be in accordance with Caltrans' procurement and other requirements (no consultant mark-up; approved travel rates, etc.) Contact MCOG staff with questions.

ESTIMATED SCHEDULE

Tasks	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
1	X	X	X	X	X	X	X	X	X	X	X	X
2	X	X	X	X						X	X	X
3-5	X	X	X	X	X	X	X	X	X	X	X	X
6										X	X	X
7-8	X	X	X	X	X	X	X	X	X	X	X	X
Final Deliverable:												X

*According to the schedule outlined above, all deliverables are expected to be finalized within the designated final month.

WORK ELEMENT 7: MCOG - PLANNING, PROGRAMMING & MONITORING

PURPOSE:

Planning, programming, and monitoring (PPM) activities associated with the State Transportation Improvement Program (STIP) process, including the Regional Transportation Improvement Program (RTIP).

PREVIOUS WORK

This work element was first included in the 1998/99 Work Program, as the response to major changes in the transportation planning process brought about by the passage of SB 45 and has been present in each subsequent Work Program. FY 2025-26 work included monitoring and reporting on PPM funds, participation in RTIP/STIP meetings and teleconferences, development and submittal of 2026 RTIP, development and submittal of amendment to 2026 RTIP, assisting local agencies with STIP issues; remote attendance at California Transportation Commission meetings; and review of information on new federal infrastructure bill.

Previous Work/Deliverables Particular to FY 2025/26:

- *Assisting with Local Agency Allocation Requests*
- *FY 2025/26 Caltrans Status Meetings and CTC*
- *Ongoing coordination and project monitoring*
- *FY 2025/26 Annual Streetsaver License Agreement for all Local Agencies*
- *2026 Regional Transportation Improvement Program*
- *Multiple staff reports, meeting updates, Project Status reports and communication corresponding to the 2026 RTIP/STIP*

TASKS TO BE COMPLETED IN FY 2026/27:

1. Attendance at STIP related meetings at the statewide, regional and local level (*as needed*). (MCOG)
Products may include: Staff reports/recommendations; correspondence
2. Review, comment, and participate in development of STIP Guidelines revisions, as necessary, to protect rural interests. (MCOG)
Products may include: Staff reports/recommendations; correspondence
3. Review STIP related correspondence and respond as needed. (MCOG)
Products may include: Staff reports/recommendations; correspondence
4. Conduct RTIP application cycle if Fund Estimate provides funding for application cycle. Distribute application forms, review applications received, work with Technical Advisory Committee and MCOG Board to select projects for inclusion in RTIP. In years when a call for projects is conducted, implementation of the Regional Transportation Plan & Active Transportation Plan (RTP/ATP) will be incorporated into the process by ensuring that selected projects further the goals, policies, and priorities of the RTP/ATP.
5. Preparation of RTIP Amendments, Allocation Requests and Time Extension Requests, as needed; and monitoring of RTIP/STIP projects. (MCOG)
Products may include: RTIP Amendments, Allocation Requests, Time Extension Requests; staff reports/recommendations; public notices, correspondence.
6. Provide coordination and technical support to local agencies for project planning, programming, monitoring and funding of selected projects, including attendance at Caltrans Local Assistance “huddles” and project status meetings, and coordination with Caltrans and California Transportation Commission. (MCOG)
Products may include: Staff reports/recommendations; STIP programming forms; correspondence
7. Coordinate with Caltrans, California Transportation Commission, and local agencies on emerging transportation funding opportunities to address the backlog of regional and local transportation

needs. (MCOG)

Products may include: Correspondence, staff reports/recommendations, meeting attendance

8. Duties related to implementation of any federal or state economic stimulus programs with transportation components (*i.e. Infrastructure Investment and Jobs Act (IIJA); Better Utilizing Investments to Leverage Development (BUILD) or Rebuilding American Infrastructure with Sustainability and Equity (RAISE)*) which may include project selection; providing support and technical assistance to local agencies; and project reporting and/or monitoring. (MCOG)

Products may include: Staff reports/recommendations; correspondence; economic stimulus programming documents

9. Participation in statewide local streets and roads need assessment (biennially) (MCOG)

Products may include: Correspondence, reports, meeting attendance

10. Coordination and consultation with all tribal governments. (MCOG)

Products may include: Documentation of tribal government-to-government relations

11. Monitoring and reporting of PPM funds, as required. (MCOG)

Products may include: Quarterly and final reports

12. Purchase annual, on-line, web-based licenses (annual user fees) for “Streetsaver” program from Metropolitan Transportation Commission (MTC), for use in Pavement Management Program (PMP) for County DOT, City of Ukiah, City of Willits, and City of Fort Bragg. (MCOG/Direct Costs).

This annual task aids in preserving the region’s existing transportation facilities, and provides critical data for transportation facilities’ rehabilitation, operation and maintenance activities.

Products may include: Annual web-based licenses

PRODUCTS:

Products may include staff reports, comments, and recommendations on STIP/RTIP Guidelines, policies, and correspondence; meeting notes; RTIP, RTIP Amendments, and Time Extension Requests; Federal or State Economic Stimulus related products; quarterly and final PPM reports; annual PMP user fees; and documentation of tribal government-to-government relations, as applicable.

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	129	\$100,000	2026/27	State PPM
	13	\$10,000	2026/27	State RPA
	56	\$43,140	c/o 2025/26	State PPM
Direct Expenses (PMP User Fees)	n/a	\$9,500	2026/27	State RPA
TOTAL:	185	\$144,500 \$162,640		

ESTIMATED SCHEDULE

Tasks	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
1-3	x	x	x	x	x	x	x	x	x	x	x	x
4		x	x	x	x	x	x	x	x			
5-11	x	x	x	x	x	x	x	x	x	x	x	x
12							x					

* Deliverables and products align with the outlined schedule. Many of these tasks are ongoing, with corresponding deliverables becoming available as staff engages in one or more of the tasks referenced above.

WORK ELEMENT 8: MCOG – REGIONAL VEHICLE MILES TRAVELED (VMT) MITIGATION PROGRAM (Carryover)

PURPOSE:

To develop a Regional Vehicle Miles Traveled (VMT) Mitigation Program for the Mendocino County region to help local jurisdictions comply with SB 743 which requires CEQA lead agencies to assess VMT impacts that land use development or transportation projects may cause, and to mitigate these impacts when VMT impacts are identified. This project would develop recommendations for a regional VMT mitigation program that would allow developers and project sponsors to offset project VMT impacts through various methods, including the payment of fees, or direct implementation of, projects and programs that would reduce VMT in Mendocino County.

PREVIOUS WORK:

- FY 2024/25 Sustainable Communities Grant Application

Previous Work/Deliverables Particular to FY 2025/26:

Task 01: Project Administration (Ongoing throughout the project)

MCOG shall hold a project kick-off meeting with Caltrans staff to discuss grant procedures and project expectations including invoicing, quarterly reporting, and all other relevant project information. MCOG will manage and administer the grant project according to the Grant Application Guidelines, Regional Planning Handbook, and the executed grant contract between Caltrans and the grantee.

Task Deliverables (Responsible Parties: MCOG, Caltrans)

- Kick-off meeting with Caltrans – agenda, meeting notes (MCOG, Caltrans)
- Quarterly invoices, progress reports (MCOG, Caltrans).

Task 02: Consultant Procurement

MCOG shall prepare a Request for Proposals (RFP) and Scope of Work and distribute to qualified consulting firms to obtain competitive bids. MCOG shall form a Consultant Selection Committee to review proposals and recommend selection of a consultant, and prepare and execute contract with successful consultant.

Procurement procedures shall be consistent with state and federal requirements, and MCOG's adopted Procurement Policies and Procedures Manual.

Task Deliverables (Responsible Parties: MCOG, Consultant)

- Request for Proposals; Procurement Procedures; Consultant Selection Committee agenda and meeting notes; executed consultant contract (MCOG)

TASKS TO BE COMPLETED IN FY 2026/27:

Task 01: Project Administration (Ongoing throughout the project)

Task Deliverables (Responsible Parties: MCOG, Caltrans)

- Quarterly invoices, progress reports (MCOG, Caltrans)

Task 1: Coordination with Project Partners; Invoicing and Monthly Reports (Ongoing throughout the project)

Coordination with Project Partners/Develop Project Technical Advisory Committee (TAG) – MCOG shall hold a kick-off meeting with the successful consultant to discuss the project and administrative

procedures.

MCOG shall develop a project Technical Advisory Group (TAG) composed of local staff that are implementing SB 743 in their jurisdictions (including the County of Mendocino, the cities of Ukiah, Willits, Fort Bragg, and Point Arena), in addition to MCOG, Caltrans, the consultant, the development community, and others that may be identified. The TAG shall meet monthly throughout the project to guide the project, address any issues that may arise, and develop recommendations. Consultant shall schedule and attend TAG meetings, and shall prepare agendas, meeting materials, and meeting summary notes.

MCOG staff shall schedule and hold a project kick-off meeting with the consultant and TAG to refine scope of work and discuss the intent of the project. MCOG shall prepare the kick-off meeting agenda; Consultant shall prepare the meeting notes.

All meetings for this task shall include opportunities for remote attendance.

Invoicing and Monthly Reports – Consultant shall submit monthly invoices, accompanied by a brief summary of work performed. Invoices must be consistent with Caltrans' requirements.

Task Deliverables (Responsible Parties: MCOG, TAG, Consultant)

- Consultant kick-off meeting agenda (MCOG), meeting attendance (MCOG, Consultant), and meeting notes (MCOG)
- TAG Roster (MCOG)
- TAG Kick-off meeting agenda (MCOG); kick-off meeting attendance (MCOG, TAG Members, Consultant); kick-off meeting notes (Consultant)
- Monthly TAG agendas and meeting notes (Consultant), TAG meeting attendance (MCOG, TAG members, Consultant)
- Monthly consultant invoices, with summary reports (Consultant)
This task includes travel expense (Consultant)

Task 2: VMT Mitigation Program Outreach and Scoping

Develop Project Outreach Plan - Consultant shall work with MCOG staff and the TAG to develop a list of stakeholders and an Outreach Plan that outlines how stakeholders will be engaged as part of this project. As this is a "technical" study project, key stakeholders will include members of the development community, local jurisdictions' staff, and representatives of housing organizations such as the Rural Communities Housing Development Corporation, and local Tribal Governments. Additional stakeholders will be identified by the TAG. Outreach will also include engagement with the general public and underserved communities, which will include an opportunity to provide feedback on program recommendations. The exact methods of outreach will be determined during development of the project outreach plan, which is a deliverable of this task, however, methods may include in person meetings or workshops, direct one on one outreach, and virtual outreach options. The outreach plan will also determine how best to publicize engagement opportunities in both English and Spanish as appropriate and may include, local media advertising, social media, and agency or project website use.

Identify Key Issues - Consultant shall work with MCOG and the TAG to identify key issues that should be addressed by the project and final program recommendations. These could include the analysis and discussion of:

- Legal requirements
- Effectiveness of VMT reducing projects
- Cost effectiveness of VMT reducing projects
- Geographic scope of the recommended program
- Equity
- Discussion of program administration
- Identification of other key issues

Task Deliverables (Responsible Parties: MCOG, TAG, Consultant)

- Stakeholder Roster
- Project Outreach Plan
- Technical memorandum summarizing key issues that should be considered as part of the project and development of a regional VMT mitigation program

Task 3: VMT Mitigation Program Options and Draft Recommendations

Identify and summarize existing and studied VMT Mitigation Programs - Consultant shall identify and summarize VMT mitigation programs that have been studied and implemented across the state. This work should include information on program specifics, including banking, exchange, or fee program mechanics, and how the program is administered. Projects that have been funded by a VMT program, including housing developments (e.g., mixed use/multifamily TOD), should be identified as part of this process. This review process should identify any problems implementing agencies had administering and running their program and should identify methods for addressing these problems.

Evaluate VMT Mitigation Program Options - Consultant shall identify strengths and weaknesses of each program and discuss potential implementation in Mendocino County.

Identification of Potential VMT Mitigating Projects - Project types may include transit projects, bicycle and pedestrian projects, rideshare/carpool projects, housing projects, or other appropriate types as determined by the consultant. The consultant shall include determination of project eligibility for use as mitigation. The consultant may consider guidance including the Caltrans VMT Mitigation Funding Status Tool and the CAPCOA Handbook for Analyzing Greenhouse Gas Emission Reductions, Assessing Climate Vulnerabilities, and Advancing Health and Equity. This step will also include development of criteria for evaluating projects, and assessment of effectiveness in achieving new VMT reduction benefits. Potential for VMT reduction will be a significant factor in project evaluation, but other factors may be included as well such as cost effectiveness, geographic equity, and benefit to under-resourced communities.

Stakeholder Outreach - As outlined in the Project Outreach Plan developed in the previous task, the consultant shall work with MCOG and the TAG to identify key stakeholders including the local planning and public works staff, the development community, potential program funding recipients, and other interested parties. Stakeholders will be engaged through one on one or group interviews and focus groups, surveys, or by other means as proposed by consultant. Stakeholder feedback will be summarized and presented to MCOG staff and the TAG for review.

Legal Review - Consultant shall work with local agency legal staff and other legal experts as needed, to review legal requirements of the VMT Mitigation program and incorporate any feedback in program development and recommendations.

Provide Program Recommendation - Consultant shall provide detailed program recommendations using information collected as part of the review of existing and proposed VMT mitigation programs and based on feedback received as part of stakeholder outreach, and based on direction received from MCOG and the TAG.

Review and Preliminary Approval of Draft Program - Consultant shall work with MCOG and the TAG to present the draft program for review and preliminary approval by the Mendocino Council of Governments Board of Directors.

Task Deliverables (Responsible Parties: MCOG, TAG, Consultant)

- Technical memorandum summarizing existing and proposed VMT mitigation programs and identifying strengths and weaknesses of different programs.

- Summary of stakeholder outreach including list of stakeholder meetings/conversations and meeting notes.
 - Technical memorandum summarizing the results of legal review and any legal issues that should be addressed or considered as part of VMT program implementation.
 - Recommended VMT Mitigation banking program for Mendocino County including:
 - List of potential VMT reducing projects
 - Evaluation criteria for identifying other qualifying VMT reducing projects
 - Evaluation criteria for assessing effectiveness of VMT reductions
 - Recommendations for program administration including implementing agency
 - Recommendations for how lead agencies and project sponsors would interact and use the program
 - Recommendations for ongoing program evaluation and improvement and effectiveness evaluation and reporting
- Summary of draft program approval, including meeting dates, agendas, board action and/or recommendations.

Task 4: Test Cases and Pilot Program Development

Once a draft VMT Mitigation Program has been preliminarily approved by the MCOG Board of Directors, MCOG staff and the consultant team shall work with one or more local agencies to identify past, current or upcoming projects to use as test cases for program evaluation. The consultant shall work with local agency staff and project sponsors to identify any issues or weaknesses of the program and present the results of the test cases in a technical memorandum directed to the project TAG and MCOG Board of Directors. The results of the test cases will be used to develop the final program.

In addition to evaluating the program through test cases, the consultant team will develop recommendations for a future pilot program to test the proposed program implementation on actual projects as they move through the approval process. The goal of the pilot program will be to “stress test” all aspects and phases of the program including program administration, project evaluation, and other aspects of the program.

Task Deliverables (Responsible Party: MCOG, Consultant)

- Evaluation of test cases
 - Outline of pilot program for Mendocino County Regional VMT Mitigation Program, including participation requirements.
 - List of pilot program participants including lead agencies, project sponsors/developers, and projects considered.
- Technical memorandum summarizing the results of the test case evaluation and recommendations for the future pilot program and final VMT Mitigation program.

Task 5: Final Program Recommendations

The consultant shall revise and update the draft program based on information learned through stakeholder outreach, legal review, results of test case evaluation in Task 4, and stakeholder engagement. The updated program recommendations will include a recommended program administrator, list of potential VMT reducing projects, quantification of VMT reductions, and a summary of how project sponsors and local jurisdictions could interact with and use the program. Final recommendations should also include a list of next steps towards program implementation which should identify responsible party and recommended implementation timeline.

Task Deliverables (Responsible Party: MCOG, Consultant)

- Final Regional VMT Mitigation Program Recommendation Report that includes a summary of next steps towards implementation, credits FHWA, FTA, and/or Caltrans on the cover or title page, and is submitted to Caltrans in an ADA accessible electronic copy.

- Summary of revisions made to draft plan made in response to stakeholder outreach, legal review, stakeholder engagement, and Task 4 test case evaluation.

Task 6: Board Review/Approval

The consultant shall work with MCOG staff and the TAG to present the final program for approval by the Mendocino Council of Governments Board of Directors.

Task Deliverables (Responsible Party: MCOG, Consultant)

- MCOG Board Agenda & Minutes
- Final Regional VMT Mitigation Program presentation materials

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	2	\$1,653.76	2025/26	SC-RMRA Grant Funds
		\$214.26	2025/26	Local (LTF)

*According to the schedule outlined above, all deliverables are expected to be finalized within the designated final month.

WORK ELEMENT 9: INTENTIONALLY LEFT BLANK

WORK ELEMENT 10: MCOG – SR 20 WILLITS MULTIMODAL CIRCULATION & INTERSECTION IMPROVEMENT STUDY (NEW)

PURPOSE:

The purpose of this project is to identify and prioritize multimodal intersection and circulation improvements along SR 20 from Walker Road to Cropley Lane that enhance safety, reduce conflict points, and improve access for people walking, biking, and driving. The study will refine previous corridor and community plan concepts, including road diet alternatives—to reflect current post-bypass conditions and ensure consistency with the City of Willits Local Roadway Safety Plan and regional transportation planning goals.

PREVIOUS WORK:

- Willits Circulation and Parking Improvement Study (City of Willits)
- Willits Main Street Corridor Enhancement Plan (City of Willits)
- City of Willits Local Roadway Safety Plan
- 2025/26 SR 20 Willits Multimodal Circulation & Intersection Improvement Study Grant Application

TASK A: PROJECT ADMINISTRATION

- MCOG shall hold a project kick-off meeting with Caltrans staff to discuss grant procedures and project expectations including invoicing, quarterly reporting, and all other relevant project information. MCOG will manage and administer the grant project according to the Grant Application Guidelines, Regional Planning Handbook, and the executed grant contract between Caltrans and the grantee.

Task Deliverables (Responsible Party: MCOG, Caltrans): Kick-off meeting with Caltrans - Meeting Notes, quarterly invoices and progress reports.

TASK B: CONSULTANT PROCUREMENT

- MCOG, in coordination with the City of Willits, shall prepare a Request for Proposals (RFP) and Scope of Work and distribute it to qualified consulting firms to obtain competitive bids. MCOG shall form a Consultant Selection Committee to review proposals and recommend selection of a consultant and prepare and execute contract with the successful consultant. Procurement procedures shall be consistent with state and federal requirements, and MCOG's adopted Procurement Policies and Procedures Manual.

Task Deliverables (Responsible Party: MCOG, Willits, Consultant): Kick- Request for Proposals, Procurement Procedures, Consultant Selection Committee agenda and meeting notes
Executed consultant contract (MCOG)

TASK 1: COORDINATION WITH PROJECT PARTNERS

- The consultant will facilitate the formation of the Technical Advisory Group (TAG). The TAG will include representatives from the City of Willits, the County of Mendocino, the Sherwood Valley Band of Pomo Indians, Mendocino Transit Authority, and Caltrans District 1. The TAG shall meet monthly throughout the project to guide the project, address any issues that may arise, and develop recommendations. The consultant shall schedule and attend TAG meetings, and shall prepare agendas, meeting materials, and meeting summary notes.

Task Deliverables (Responsible Party: MCOG, Willits, TAG, Consultant): Meeting Agendas, meeting notes, attendance lists, list of action items and revisions requested

TASK 2: EXISTING CONDITIONS

- After collaboration with MCOG and the City of Willits, the consultant will be required to collect and review existing transportation, right-of-way, land use and zoning, roadway standards, and safety and collision, and public transit data for the SR 20 corridor between the railroad crossing just south of Walker Road and Cropley Lane. This data collection will include evaluating existing pedestrian, bicycle, transit, vehicular circulation, and signage/stripping conditions followed by field visits to document existing conditions. As part of this task, the consultant shall record and evaluate the bicycle and pedestrian infrastructure based on criteria established by the TAG. The consultant will review prior and relevant planning documents including but not limited to Willits Circulation and Parking Improvement Study (2002), the Willits Main Street Corridor Enhancement Plan (2016), Streets & Alleys Connectivity Study (2017), the Mendocino County Pedestrian Needs Facility Inventory and Engineered Feasibility Study (2019, and the City of Willits Local Road Safety Plan. The consultant will work with the City and County to identify any future housing developments. A summary of existing conditions will be prepared and presented to MCOG staff and the Technical Advisory Group. The consultant will also compile all data sets into a GIS map set that will be used as part of the community engagement process identified in Task 4.

Task Deliverables (Responsible Party: MCOG, Willits, TAG, Consultant): Existing Conditions Summary Report, GIS corridor map set (sidewalks, crossings, driveway access, roadway conditions), Collision Data Summary, Photo log and field notes

TASK 3: ANALYSIS

- The consultant will evaluate corridor safety and operational conditions using the existing conditions data and review prior and relevant planning documents including but not limited to the documents referenced in Task 2 to identify key needs and opportunities. This will include assessing pedestrian and bicycle gap locations, intersection performance, a storm water system review, and vehicular circulation challenges affecting the Willits community. As part of the analysis, the consultant will take **updated vehicle, bicycle, and pedestrian counts at a minimum of four locations along the SR 20 corridor. The consultant will also evaluate existing transit service and access conditions within the corridor, including transit stop locations, pedestrian connections to transit facilities, and crossing opportunities serving transit users. The analysis will identify opportunities to improve safe, convenient, and accessible access to public transportation for residents, employees, students, older adults, and transit-dependent populations.** The consultant will identify potential improvement for crossings, pedestrian signal heads, sidewalk infill, bike facilities, intersection control, and circulation management. The consultant will examine the feasibility of the potential improvements based on various factors such as right-of-way and geometric constraints. Findings will be documented for review with MCOG staff and the Technical Advisory Group (TAG). Once reviewed, the potential improvement list will be available for public review during activities identified in Task 4.

Task Deliverables (Responsible Party: MCOG, Willits, TAG, Consultant): Needs Assessment Summary Report, Problem Statement & Key Issue List, Potential Improvement List

TASK 4: PUBLIC AND STAKEHOLDER OUTREACH

- The consultant shall work with MCOG, the City of Willits, and the TAG to develop a public and stakeholder outreach plan that will be conducted using a flexible and adaptive approach that provides multiple ways for community members and corridor users to participate both in-person and online and will be adjusted throughout the project based on participation feedback. Engagement will be structured to reduce participation barriers and encourage inclusion of seniors, youth, low-income households, and households with limited English proficiency. Methods will

consist of pop-up outreach events (minimum of 4), online and paper surveys, and public workshops (minimum of 3, 2 in-person and 1 virtual). Project information and interactive feedback tools will be shared through a project website and printed and digital outreach. All materials will be available in English and Spanish with interpretation services available at public meetings. The consultant will prepare a public and stakeholder engagement summary that discusses the input and concerns from these groups.

- Stakeholder engagement will include targeted outreach to key members of the community including Tribal government representatives, business owners, local government representatives, emergency responders, and local organizations, including housing and healthcare focused organizations, that assist the under-resourced and vulnerable communities.

Task Deliverables (Responsible Party: MCOG, Willits, TAG, Consultant): Pop-up outreach events, A bilingual online and paper survey, virtual community meetings, In-Person community workshops, Partnership-based outreach, Project web page and digital engagement tools, Bilingual printed outreach materials, Public and Stakeholder engagement summary

TASK 5: DRAFT AND FINAL STUDY

- The Consultant will (1) Prepare the Draft SR 20 Multimodal Corridor Improvement Study summarizing existing corridor conditions, safety and circulation needs, community priorities, recommended multimodal improvements based on TAG and community feedback, conceptual layouts and implementation phasing.(2) Release the Draft Study for public review and provide opportunities for community feedback, including a bilingual public meeting (in-person and/or virtual) and online comment tools. (3) Present the draft study to the Willits City Council for review and feedback. (4) Compile, review, and respond to feedback received from the community, stakeholders, the Technical Advisory Group, and City Council and revise project recommendations accordingly(5) Prepare the Final SR 20 Willits Multimodal Circulation & Intersection Improvement Study in an ADA-accessible electronic format, crediting MCOG, the City of Willits, and Caltrans on the cover or title page, (6) Clearly identify next steps for advancing recommended improvements toward future grant applications.

Task Deliverables (Responsible Party: MCOG, Willits, TAG, Consultant): Draft Corridor Improvement Study, Public Comment Summary Table, Final Corridor Improvement Study (ADA-accessible PDF), Implementation / Next Steps Summary

TASK 6: BOARD REVIEW / APPROVAL

- The Consultant will (1) Present the Final SR 20 Willits Multimodal Circulation & Intersection Improvement Study to the City of Willits and the MCOG Board for acceptance and approval and a summary of project recommendations. (2) Prepare and provide presentation materials, respond to questions, and incorporate any additional direction provided by the Board/Council. (3) Post the approved Final Study on the MCOG and City of Willits websites to ensure broad public access and visibility.

Task Deliverables (Responsible Party: MCOG, Willits, Consultant): Board/Council Agenda, Presentation Slides, Meeting Minutes/Resolution Documenting Approval, Public Posting Notice

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG Staff	3	\$3,000.00	2026/27	Local (LTF)

WORK ELEMENT 11: MCOG – PAVEMENT MANAGEMENT PROGRAM UPDATE (CARRYOVER)

PURPOSE:

To perform a triennial update of the County's, City of Ukiah's, City of Willits, and City of Fort Bragg's Pavement Management Program (PMP) to provide a systematic method for determining roadway pavement maintenance, rehabilitation and reconstruction needs.

PREVIOUS WORK

Development of Pavement Management Systems was initially funded in the FY 1995/96 Work Program. Triennial updates have been funded in subsequent work programs, most recently in FY 2020/21.

Previous Work/Deliverables Particular to FY 2025/26:

Task 1: Develop and distribute Request for Proposals; conduct consultant selection process. (MCOG staff).

Task 2: Hold a kick-off meeting to refine scope of work and schedule.

(MCOG Staff, Consultant, County DOT, City of Ukiah, City of Willits, City of Fort Bragg)

Task 3: Conduct field survey work on paved roads in the County and Cities of Ukiah, Willits, Fort Bragg, and Point Arena (Consultant).

Task 4: Input field data into Pavement Management Programs for County DOT, and City of Ukiah, City of Willits, City of Fort Bragg, and City of Point Arena (Consultant).

Task 5: Ensure GIS capability during update process. (Consultant)

TASKS TO BE COMPLETED IN FY 2026/27:

Task 6: Prepare pavement condition reports for the maintained mileage within each of the jurisdictions (Consultant).

Task 7: Presentations of reports and findings to MCOG, and governing bodies of local jurisdictions. (Consultant)

Task 8 County DOT Additional Task - \$10,000: Conduct an efficiency audit on past five years of expenditures for work performed under the County of Mendocino's 20-year Corrective/Preventive Maintenance Plan. Field review of improvements will be conducted as part of Task 3 in this WE. Presentation of findings to Board of Supervisors as part of overall PMP update presentation. (Consultant)

PRODUCTS:

Request for Proposals, Updated Pavement Condition Reports for the County Maintained Road System and for the cities of Ukiah, Fort Bragg, Willits, and Point Arena Road Systems.

7			X	X								
8	X	X	X									

WORK ELEMENT (12): INTENTIONALLY LEFT BLANK

WORK ELEMENT 13: CITY OF FORT BRAGG – STORMWATER PROGRAM ASSET MANAGEMENT PLAN (CARRYOVER)

PURPOSE:

The purpose of this project is to develop an asset inventory for the City's stormwater system, which includes a defined level of service for maintaining assets and estimating programmatic costs for Operation and maintenance (O&M) of existing assets; Permit compliance activities; and Capital & O&M for future infrastructure. Asset management is an important tool that can give utilities the data they need to make well-informed, confident decisions for both system capital planning and repair and rehabilitation projects. Sound operational and financial planning based on these data can help utilities plan their budgets around activities critical to sustained performance. The primary function of this study is to aid the city in developing guidance materials to estimate stormwater program costs and evaluate potential revenue that will be needed to sustain our stormwater programs and infrastructure.

This project addresses numerous goals and objectives established by the 2022 Regional Transportation Plan including:

- Objective CCE 4: Improve the resiliency of the region's transportation system to climate-related impacts.
- Policy CS 1.1. Coordinate funding programs to provide multiple components of an infrastructure project when appropriate.
- LOCAL STREETS & ROADS (LSR) Goal: Provide a safe and efficient transportation network, connecting local community roads and major transportation corridors and meeting the transportation needs of the communities served by these facilities.

The Stormwater Asset Management Plan plays a crucial role in maintaining the transportation system and addressing the RTP goals by ensuring effective drainage, mitigating flood risks, and preserving infrastructure integrity. Identifying underlying issues that could contribute to infrastructure deterioration is an important part of successfully implementing surface level multi-modal projects and services, including bicycle, pedestrian, streets, highways, and transit.

PREVIOUS WORK:

- 2004 Storm Drain Master Plan
- 2024 Stormwater Funding Best Practices Technical Memo by Lechowicz & Tseng

Previous Work/Deliverables Particular to FY 2025/26:

1. Prepare and Advertise RFP and select Consultant
2. Kick off meeting and site visit

TASKS TO BE COMPLETED IN FY 2026/27:

3. Review previous studies, GIS/AutoCAD, site maps, etc.
4. Complete desktop evaluation to identify constraints and opportunities
5. Create Asset Inventory
6. Define Levels of Service
7. Estimate Program Costs for
 - 7a. Operation and maintenance (O&M) of existing assets
 - 7b. Permit compliance activities
 - 7c. Capital & O&M for future infrastructure

PRODUCTS:

1. Create an asset inventory
2. Define levels of service (LOS) for maintaining assets
3. Estimate program costs for
 - a. Operation and maintenance (O&M) of existing assets
 - b. Permit compliance activities
 - c. Capital & O&M for future infrastructure

These products will allow the City to estimate costs for maintaining current assets, ensuring permit compliance, and projecting costs for future infrastructure.

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
City of Fort Bragg (Consultant)	7	\$7,125	2025/26	State PPM
	60	\$59,941	2024/25	State PPM
TOTAL:	67	\$67,066		

ESTIMATED SCHEDULE

Tasks	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
1	Completed in FY 25/26

**According to the schedule outlined above, all deliverables are expected to be finalized within the designated final month.*

WORK ELEMENT 14: MCOG - TRAINING

PURPOSE:

To provide funding for technical training in the transportation planning field to the Mendocino Council of Governments (MCOG) planning staff, and to local agency staff, to stay abreast of changes in the field.

PREVIOUS WORK

This is an annual training work element that has been included in MCOG's Overall Work Program since FY 2003/04.

Previous Work/Deliverables Particular to FY 2025/26:

- City of Fort Bragg Resident Engineers Academy Training
- 2026 CalACT Conference
- 2026 CalCOG Conference

TASKS TO BE COMPLETED IN FY 2026/27:

1. Attendance at transportation planning academies, seminars, workshops, forums or training sessions that may be offered through Caltrans or other agencies. (MCOG, County, Cities, MTA). *This task includes staff time and direct costs (i.e. registration, travel, lodging, meals, etc.)*

Specific training sessions are not identified. Examples of prior training funded under this annual work element include: workshops provided through U.C. Berkeley's Tech Transfer Program - SB 743/Vehicle Miles Traveled; Traffic Control for Safer Work Zones; and training offered through Caltrans - Resident Engineer Academy; Emergency Relief (ER); Consultant Contract training; training on various grant programs; as well as training offered through the Rural Counties Task Force, CalCOG, and other agencies.

PRODUCTS: Educational and training materials; trained/educated staff

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG Direct Costs	n/a	\$5,000	2026/27	Local LTF
	n/a	\$13,802	2025/26 c/o	Local LTF
County/Cities/MTA Direct Costs	n/a	\$11,209	2025/26 c/o	Local LTF
TOTAL:		\$5,000 \$30,011		

ESTIMATED SCHEDULE

1	X	X	X	X	X	X	X	X	X	X	X	X

WORK ELEMENT 15: MCOG – TRANSPORTATION INFORMATION OUTREACH & PUBLIC PARTICIPATION

PURPOSE:

To inform and educate Mendocino County residents and visitors on transportation issues and provide opportunities for public input consistent with the 2020 Public Participation Plan. Provide access to plans, reports and other information by facilitating public participation opportunities.

PREVIOUS WORK

Various Public Outreach opportunities through the grant projects included in the OWP and Regional Transportation Plan Update. MCOG Website updates.

Previous Work/Deliverables Particular to FY 2025/26:

- Public Outreach Charette – Noyo Harbor Multimodal Circulation Plan
- Public Outreach/ Public Hearing for RTP/ATP Update
- Public Outreach and workshops for Mendocino Sea Level Rise Roadway Impact Study

TASKS TO BE COMPLETED IN FY 2026/27:

1. Prepare and publish public outreach materials, ensuring planning documents and project plans are current on MCOG's Website. (MCOG)
Products may include: Public Outreach Materials, MCOG Website
2. Respond to Public Records Act requests (MCOG)
Products may include: PRA Documentation
3. Attend and participate in transportation related public workshops, forums, and ceremonies (MCOG)
Products may include: Public event documentation, or invitations
4. Prepare and publish public noticing materials
Products may include: Public Notice records
5. Coordinate with the local agencies, Caltrans and other agencies/businesses when possible to include public involvement pertaining to the Regional Transportation Planning Process. (MCOG)
Products may include: Meeting attendance, staff reports/recommendations; correspondence
6. Coordinate and consult, as possible, with all potentially impacted Tribal Governments, and document Tribal government-to-government relations pertaining to the Regional Transportation Planning Process. (MCOG)
Products may include: Staff reports/recommendations; correspondence
7. As possible, conduct outreach to those traditionally under-served, including the elderly, low income, disabled, and minority households as it pertains to the Regional Transportation Planning Process. (MCOG)
Products may include: Staff reports/recommendations; correspondence
8. Conduct and perform updates to the Public Participation Plan, as needed. (MCOG)
Products may include: Updated Public Participation Plan/staff reports/recommendations; correspondence
9. As necessary, conduct and document outreach efforts to all segments of the community in accordance with the 2020 Public Participation Plan. (MCOG)
Products may include: Staff reports/recommendations; correspondence

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	18	\$15,000	2026/27	State RPA
TOTAL:	18	\$15,000		

* Use of State RPA funds must be in accordance with Caltrans' procurement and other requirements (no consultant mark-up; approved travel rates, etc.) Contact MCOG staff with questions.

ESTIMATED SCHEDULE

3-4	As needed											
5	x	x	x	x	x	x	x	x	x	x	x	x
6-9	As needed											

*According to the schedule outlined above, all deliverables are expected to be finalized within the designated final month.

WORK ELEMENT 16: MCOG - MULTI-MODAL TRANSPORTATION PLANNING

PURPOSE:

Day to day multi-modal transportation planning duties, including bicycle, pedestrian, transit, rail, trail, aeronautics, and goods movement planning activities.

PREVIOUS WORK

This work element was first included in the FY 2010/2011 Overall Work Program. It was most recently included in FY 2025/26. Previous planning staff work included coordination on transit-related issues and attendance at MTA board meetings; monitoring rail and trail issues, including attendance at Great Redwood Trail Agency (GRTA) meetings; monitoring legislation; attendance at Active Transportation Program (ATP) related meetings. Other routine duties included overall coordination on bicycle, pedestrian, trail, and transit related issues from local jurisdictions, MTA, and Caltrans.

Previous Work/Deliverables Particular to FY 2025/26:

- MTA Board Meetings
- Review / Update 2026 ATP Plan
- ATP Workshops
- Meetings and discussions on Goals and Policies of RTP Update, including Transit, Rail.
- Review / Update 2026 RTP Plan Elements

TASKS TO BE COMPLETED IN FY 2026/27:

1. Day to day multi-modal tasks involving **bicycle** transportation planning duties; coordinate with state and local agencies on various funding programs available for bicycle projects; program, and monitor MCOG funded bicycle projects. (MCOG)
Products may include: Staff reports/recommendations; meeting attendance, meeting notes; quarterly reports
2. Day to day multi-modal tasks involving **pedestrian** transportation planning duties; coordinate with state and local agencies on various funding programs available for pedestrian projects; program and monitor MCOG funded pedestrian projects. (MCOG)
Products may include: Staff reports/recommendations; meeting attendance; meeting notes; quarterly reports
3. Day to day multi-modal tasks involving **transit** transportation planning duties; meeting preparation and attendance at Mendocino Transit Authority meetings (*monthly*); meeting preparation, attendance and coordination with Social Services Transportation Advisory Council (SSTAC); and respond to transit related issues as they arise. (MCOG)
Products may include: Meeting attendance, staff reports/recommendations; MTA and SSTAC meeting notes
4. Day to day multi-modal tasks involving **rail** transportation planning duties; meeting preparation and attendance at Great Redwood Trail Agency (GRTA) (SB 69) (*formerly North Coast Railroad Authority – NCRA*) meetings (*monthly*); monitoring and responding to rail issues; providing assistance to rail representatives (GRTA and California Western Railroad/Mendocino Railway) as requested. (MCOG)
Products may include: Meeting attendance, meeting notes; correspondence, staff reports/recommendations.
5. Day to day multi-modal tasks involving **trail** transportation planning duties; attendance at meetings related to development of the Great Redwood Trail (SB 1029), monitor and respond to related issues, provide coordination with federal, state, and local agencies; address issues as they arise. (MCOG)
Products may include: Meeting attendance, staff reports/recommendations; correspondence
6. Day to day multi-modal tasks involving **aeronautics** transportation planning duties; respond to correspondence; provide coordination with state and local agencies; provide coordination and

assistance to the six general aviation airports in the County; and address issues as they arise. This task only involves aviation planning related to ground access and circulation. (MCOG)

Products may include: Staff reports/recommendations; correspondence

7. Day to day multi-modal tasks involving **goods movement/ freight-related** transportation planning duties; respond to correspondence, provide coordination with federal, state, and local agencies; address issues as they arise. (MCOG)

Products may include: Staff reports/recommendations; correspondence

8. Meeting attendance, as necessary, at local agency meetings (e.g. City Council/Board of Supervisors) on multi-modal transportation related matters. (MCOG)

Products may include: Staff reports/recommendations; meeting attendance, meeting notes

9. Coordination with Caltrans, local agencies and tribal governments regarding multi-modal transportation issues. (MCOG)

Products may include: Documentation of tribal government-to-government relations

10. Day to day multi-modal tasks involving any combination of the modes identified in previous tasks. This includes planning and coordination with Mendocino Transit Authority and Caltrans to implement recommendations from key transit planning documents, including the MTA Short Range Transit Development Plan, Ukiah Transit Center Study, the Coordinated Public Transit Human Services Plan, and the Mobility Solutions Study with a focus on both long-term and short-term improvements. (MCOG)

Products may include: Staff reports/recommendations; correspondence, grant/funding applications or opportunities

11. Review Federal legislation and FTA guidance to determine how to utilize programs and consider necessary involvement. (MCOG)

Products may include: Staff reports/recommendations; meeting notes

12. Research issues relating to bike or scooter share programs, and participate in working group to study feasibility of bringing a bike or scooter share program to Mendocino County. (MCOG)

Products may include: Staff reports/recommendations; meeting attendance; meeting notes; research notes

13. Participate multi-modal tasks involving maritime transportation planning duties; respond to correspondence, provide coordination with federal, state, and local agencies; address issues as they arise. (MCOG)

Products may include: Staff reports/recommendations; correspondence

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	78	\$65,000	2026/27	State RPA
	5	\$4,253	2025/26 C/O	State RPA
TOTAL:	84	\$69,253		

* Use of State RPA funds must be in accordance with Caltrans' procurement and other requirements (no consultant mark-up; approved travel rates, etc.) Contact MCOG staff with questions.

ESTIMATED SCHEDULE

10-13	As needed											

*According to the schedule outlined above, all deliverables are expected to be finalized within the designated final month.

WORK ELEMENT 18: MCOG - GEOGRAPHIC INFORMATION SYSTEM (GIS) ACTIVITIES

PURPOSE:

To provide GIS support services related to the roadway transportation system, and all transportation modes in Mendocino County.

PREVIOUS WORK

This work element was first included in the FY 2010/2011 Work Program. It was most recently included in FY 2025/26. Previous work included research and development of maps for the Regional Transportation Improvement Program (RTIP); and updating and validating program with ESRI. Additionally, MCOG Staff has been working on RTP data, preparing for map development, GIS data development for Social PinPoint and providing updated information for the LRSP Plans.

Previous Work/Deliverables Particular to FY 2025/26:

- Updating shapefiles for 2026 RTP/ATP
- Developed Maps for the 2026 RTP/ATP Update
- Developed Maps for the 2026 RTIP/STIP
- Developed Grant Application Map
- Annual ArcGIS License Fee

TASKS TO BE COMPLETED IN FY 2026/27:

1. Collection, input and manipulation of geographic information. (MCOG)
Products may include: Maps; reports; documentation; presentation materials; various databases and GIS layers
2. Facilitation and coordination with the County of Mendocino; Cities of Ukiah, Willits, Fort Bragg and Point Arena; Mendocino Transit Authority, and Caltrans regarding sharing of data. (MCOG)
Products may include: Correspondence; meeting notes
3. Coordinate with Caltrans Division of Aeronautics regarding the possibility of developing a GIS aviation layer to include airports and key airport attribute data, as part of MCOG's GIS. Also, coordinate with Office of System and Freight Planning (OSFP) regarding the possibility of developing GIS layers to include other freight movement modes, such as truck, rail and maritime routes, as feasible. (MCOG)
Products may include: Correspondence; GIS layers.
4. Assist in development of GIS applications. (MCOG)
Products may include: Maps; reports; documentation; presentation materials; various databases and GIS layers
5. Provide multimedia support for public presentations. (MCOG)
Products may include: Presentation materials; various databases and GIS layers
6. Conduct spatial analyses. (MCOG)
Products may include: Maps; reports; documentation; presentation materials; various databases and GIS layers.
7. Attend GIS related meetings, users groups, and training sessions (*as needed*). This may include the annual CalGIS meeting; GIS related meetings with Mendocino County Information Services; and ESRI (*Environmental Systems Research Institute*) sponsored trainings. (MCOG)
Products may include: Meeting notes

8. Purchases software upgrades to ensure compatibility of products with other agencies.
(MCOG/Direct Costs)
Products may include: GIS software upgrades

PRODUCTS: Products may include maps, reports, documentation, presentation materials, and various databases and GIS layers to support the above tasks. Examples of previous GIS tasks include support for the Regional Transportation Plan, Regional Bikeway Plan, Wine-Country Inter-regional Partnership, Pavement Management Program, Regional Blueprint, and various Caltrans grant projects.

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	9	\$7,500	2026/27	State RPA
	2	\$2,048	2025/26 c/o	State RPA
TOTAL:	9	\$7,500		
	12	\$9,548		

* Use of State RPA funds must be in accordance with Caltrans' procurement and other requirements (no consultant mark-up; approved travel rates, etc.) Contact MCOG staff with questions.

ESTIMATED SCHEDULE

Tasks	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
1-7	x	x	x	x	x	x	x	x	x	x	x	x
8										x	x	x

*According to the schedule outlined above, all deliverables are expected to be finalized within the designated final month.

WORK ELEMENT 20: MCOG - GRANT DEVELOPMENT & ASSISTANCE

PURPOSE:

To provide technical assistance, research, and support to local agencies, Mendocino Transit Authority, tribal governments, Great Redwood Trail Agency (GRTA), and others, on federal, state, and local grant opportunities.

PREVIOUS WORK

This work element was first included in the FY 2010/2011 Overall Work Program. It was most recently included in FY 2025/26. Last year's work included planning staff duties related to review, research, guidelines review, and workshop/meeting attendance for several new and existing state and federal grant programs, including the Rebuilding American Infrastructure with Sustainability and Equity (RAISE) program; the Infrastructure Investment and Jobs Act (IIJA) program; Clean CA grant program, CARB Clean Mobility Options (CMO)) grant program, Highway Safety Improvement Program (HSIP) Environmental Enhancement and Mitigation (EEM) grant program, Safe Streets for All (SS4A), Local Transportation Climate Adaptation Program (LCTA), various climate-related grant programs, and Caltrans Sustainable Communities grant program. Work also included transmitting information to local agencies, meetings with local agency staff, and providing assistance to local agencies as needed.

Previous Work/Deliverables Particular to FY 2025/26:

- Ongoing Mendo Sea Level Rise Grant Project correspondence, project status meetings, public outreach
- Reviewing the Local Road Safety/Action Plan
- Development of 2026/27 SR 20 Willits Multimodal Circulation Grant Application
- Participated in VMT Grant Kick-Off Meeting
- Caltrans Sustainable Grant guidelines and workshops

TASKS TO BE COMPLETED IN FY 2026/27:

1. Research and distribute information to local agencies on upcoming grant opportunities, including Caltrans Sustainable Transportation Planning Grant Program (Strategic Partnerships and Sustainable Communities), Adaptation Planning Grants; Active Transportation Program (ATP), Highway Safety Improvement Program (HSIP), Rebuilding American Infrastructure with Sustainability and Equity (RAISE), Environmental Enhancement & Mitigation (EEM) Program; Federal Lands Access Program (FLAP), Strategic Growth Council grant programs; SB 1 grant programs (including Local Streets and Roads, Solutions for Congested Corridors, Trade Corridor Enhancement, Traffic Congestion Relief Program, Local Partnership Program), Clean CA grant program, Clean Mobility Options (CMO) grant program, Sustainable Transportation Equity Project (STEP) grant program, and other federal, state or local grant opportunities that may arise. (MCOG) Products may include: Informational notices; correspondence; staff reports/recommendations; research notes
2. Coordinate with potential grant applicants to seek MCOG sponsorship of transportation related grants. MCOG will incorporate implementation of the Regional Transportation Plan and Active Transportation Plan (RTP/ATP) into the OWP by prioritizing support for potential projects that further the goals, policies, and priorities of the RTP/ATP. (MCOG) Products may include: Informational notices; grant applications; staff reports/recommendations
3. Attend federal, state, or local training workshops and webinars on various grant programs. (MCOG) Products may include: Training materials, workshop notes
4. Prepare grant applications and provide technical assistance (*including hosting local workshops*) to

local agencies, tribal governments, MTA, and others in preparation of various federal and state grant applications. (MCOG)

Products may include: Grant applications; staff reports/recommendations

5. Review and rank transportation planning grant applications as requested by Caltrans, including participation on evaluation committees when needed. This task also includes reviewing Federal Transit Administration (FTA) Section 5310 applications and providing technical assistance to applicants. MCOG's role is limited to planning-related duties and does not include administration of FTA grants. Staff will prepare evaluations, develop recommendations, and complete required ranking documentation to support state and federal program processes. (MCOG)
Products may include: Rankings; evaluations; recommendations; staff reports; ranking forms.

6. Research and provide technical assistance on new grant opportunities that may arise from implementation of the current federal transportation bill or next federal transportation bill. (MCOG)
Products may include: Informational notices; staff reports/ recommendations; research notes

7. Develop grant applications as needed for various or state grant programs. (MCOG)
Products may include: Grant applications and related materials

8. As necessary, allow participation, monitoring and assisting with grant-funded work elements and projects to ensure scope, schedule and deliverables have been met as required by Caltrans. (MCOG)
Products may include: meeting attendance, meeting materials, staff reports/recommendations, correspondence

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
MCOG	72	\$60,000	2026/27	State RPA
	2	\$1,481.11	2025/26 c/o	State RPA
	24	\$20,000	2025/26 c/o	Local LTF
TOTAL:	72 98	\$60,000 \$81,481.11		

* Use of State RPA funds must be in accordance with Caltrans' procurement and other requirements (no consultant mark-up; approved travel rates, etc.) Contact MCOG staff with questions.

ESTIMATED SCHEDULE

Tasks	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
1-8	x	x	x	x	x	x	x	x	x	x	x	x

*According to the schedule outlined above, all deliverables are expected to be finalized within the designated final month.

WORK ELEMENT: PROJECT RESERVE

PURPOSE: To reserve funding to perform larger projects that are restricted due to the lack of funding available in any “one” given fiscal year. The reserve account will allow the opportunity to accumulate funding to complete projects that have been needed for many years.

PREVIOUS WORK:

None to date.

TASKS TO BE COMPLETED IN FY 2026/27:

No tasks will be initiated in FY 2026/27. Funding is **reserved** for a future project or local match requirement, which is anticipated to be programmed in FY 2026/27.

PRODUCTS:

No products will be produced in FY 2026/27.

FUNDING AND AGENCY RESPONSIBILITIES

Responsible Agency	Approx. Person Days	Budget	Fiscal Year	Funding Source
Reserve		\$57,584	2025/26	Local LTF
		\$39,529

APPENDIX A: **FY 2025/26 STATUS OF PROJECTS**

**Status of Projects Funded in
Prior Year's (FY 2025/2026) Overall Work Program**

1. WORK ELEMENT 1: REGIONAL GOVERNMENT & INTERGOVERNMENTAL COORDINATION (MCOG)

PURPOSE: This work element covers RPA-eligible regional transportation planning duties and ongoing coordination with state, regional, and local agencies, as well as long range transportation planning duties.

PRODUCT EXPECTED: Meeting notes, minutes, reports, agendas, resolutions, quarterly reports, work program amendments, and other documents supporting the project tasks.

STATUS: *This annual work element is expected to be completed by 6/30/26.*

2. WORK ELEMENT 2: PLANNING MANAGEMENT & GENERAL COORDINATION (MCOG)

PURPOSE: This work element includes transportation planning tasks that may not be eligible for Rural Planning Assistance (RPA) funds, including development and management of the Overall Work Program, day-to-day transportation planning duties, general coordination duties with state, regional, local and community agencies, as well as long-range transportation planning duties for all transportation modes.

PRODUCT EXPECTED: Minutes, reports, agendas, resolutions, quarterly reports, work programs, work program amendments, recommendations, and other documents supporting above tasks.

STATUS: *This annual work element is expected to be completed by 6/30/26.*

3. WORK ELEMENT 3: MCOG – REGIONAL TRANSPORTATION PLAN/ACTIVE TRANSPORTATION PLAN (RTP/ATP) – 2026 UPDATE (CARRYOVER)

PURPOSE: In December 2014 MCOG adopted a revised Regional Transportation Plan (RTP) update schedule (as allowed under SB 375) to shift from a five-year update cycle to a four-year cycle. The 2022 RTP update also included an updated Active Transportation Plan. This project will update the 2022 RTP/ATP to comply with updated RTP guidelines and ATP guidelines.

PRODUCTS: Staff Reports/recommendations, revised sections of the RTP/ATP document, public notices, press releases, announcements, email communications, workshop materials, agendas, meeting notes, documentation of tribal consultation, legal notices, Negative Declaration, Draft and Final RTP/ATP Documents, Resolutions, and transmittal letter.

STATUS: *This work element is fully expended. The RTP/ATP is expected to be adopted by 6/30/26.*

4. WORK ELEMENT 4: SUSTAINABLE TRANSPORTATION PLANNING (MCOG)

PURPOSE: To support the goals of SB 375 and AB 32 to reduce greenhouse gas emissions and respond to goals of the Air Resources Board and Strategic Growth Council and conduct sustainable transportation planning activities.

PRODUCT EXPECTED: Staff reports/recommendations, correspondence, agendas, minutes, resolutions; public notices, meeting notes, documentation of tribal consultation.

STATUS: *This annual work element has been fully expended.*

5. WORK ELEMENT 5: MCOG – MENDO CO. SEA LEVEL RISE ROADWAY IMPACT STUDY (CARRYOVER)

PURPOSE: The overall objective of this project is to develop a feasibility study to analyze, identify, and propose modifications to at-risk Mendocino County coastal roads vulnerable to sea level encroachments. The study will result in the development of a final report that includes locations for the at-risk roads, existing conditions at these locations, prioritization, and feasible alternatives for modifications.

PRODUCT EXPECTED: Procurement Documentation; Request for Proposal (RFP); Executed Contract; Project Agendas and Minutes for TAG and Stakeholder Meetings; Existing Conditions Memo; data collection (Maps etc.); travel expenditures; public outreach materials, list of stakeholders, public outreach summary; Preliminary Environmental Overview Report; Geologic and Soils Report; Roadway Modifications for Resiliency Maps; Preliminary Cost Estimates; Prioritization Criteria; Draft and Final Reports.

STATUS: *This project is a multi-year grant funded project that has been carried over into FY 2026/27 OWP for completion.*

6. WORK ELEMENT 6: COMBINED SPECIAL STUDIES (CO. DOT)

PURPOSE: The purpose of this project is to perform special studies that will aid in safety improvements, prioritization of improvements for the overall region's local streets and roads systems (including the County Maintained Road System (CMRS) and the Cities' Street Systems), and in the implementation of the Regional Transportation Plan. This project will collect data and perform special studies for use by local agencies to improve the safety of the CMRS and Cities' Street Systems by identifying traffic signing, marking deficiencies, and other potential hazards on roads, updating the transportation database and performing special studies as needed.

PRODUCT EXPECTED:

- Road System Traffic Safety Review Report, which identifies deficiencies and makes recommendations for improvements on designated portions of the County Maintained Road System

- Special Studies Summary, which identifies tasks, costs, products and recipient agencies
- Documentation of tribal government-to-government relations, as applicable

STATUS: This annual work element is expected to be fully expended for the FY.

7. WORK ELEMENT 7: MCOG - PLANNING, PROGRAMMING & MONITORING

PURPOSE: Planning, programming, and monitoring (PPM) activities associated with the State Transportation Improvement Program (STIP) process, including the Regional Transportation Improvement Program (RTIP) process.

PRODUCT EXPECTED: Staff comments, reports, and recommendations on STIP/RTIP Guidelines; policies, and correspondence; RTIPs and RTIP Amendments, and Time Extension Requests; Federal or State Economic Stimulus related products; Annual Pavement Management Program (PMP) User fees; and documentation of tribal government-to-government relations, as applicable.

STATUS: This annual work element is expected to have remaining funds at the close of the fiscal year. Staff included estimated carryover funds in the Final OWP and will include the actual carryover in the First Amendment of the FY 2026/27 OWP.

8. WORK ELEMENT 8: MCOG - MENDOCINO CO. REGIONAL VEHICLE MILES TRAVELED (VMT) MITIGATION PROGRAM (NEW)

PURPOSE: To develop a Regional Vehicle Miles Traveled (VMT) Mitigation Program for the Mendocino County region to help local jurisdictions comply with SB 743 which requires CEQA lead agencies to assess VMT impacts that land use development or transportation projects may cause, and to mitigate these impacts when VMT impacts are identified. This project would develop recommendations for a regional VMT mitigation program that would allow developers and project sponsors to offset project VMT impacts through various methods, including the payment of fees, or direct implementation of, projects and programs that would reduce VMT in Mendocino County.

PRODUCT EXPECTED: Procurement Documentation; Request for Proposal (RFP); Executed Contract; Project Agendas and Minutes for TAG and Stakeholder Meetings; Existing Conditions Memo; data collection (Maps etc.); travel expenditures; public outreach materials, list of stakeholders, public outreach summary; Technical memorandum summarizing key issues that should be considered as part of the project and development of a regional VMT mitigation program; Technical memorandum summarizing existing and proposed VMT mitigation programs and identifying strengths and weaknesses of different programs; Technical memorandum summarizing the results of legal review and any legal issues that should be addressed or considered as part of VMT program implementation. Summary of draft program approval, including meeting dates, agendas, board action and/or recommendations. Final Regional VMT Mitigation Program Recommendation Report that includes a summary of next steps towards implementation, credits FHWA, FTA, and/or Caltrans on the cover or title page, and is submitted

to Caltrans in an ADA accessible electronic copy. Summary of revisions made to draft plan made in response to stakeholder outreach, legal review, stakeholder engagement, and Task 4 test case evaluation. Final Regional VMT Mitigation Program presentation materials

STATUS: This project is a multi-year grant funded project that has been carried over into FY 2026/27 OWP for completion.

9. WORK ELEMENT 9: NOYO HARBOR MULTIMODAL CIRCULATION PLAN (MCOG)

PURPOSE: To identify, research, and analyze multimodal transportation access and circulation in and through the Noyo Harbor and identify recommended improvements for future implementation in a final plan. The final plan resulting from this study will be utilized to seek grants or other funding for the recommended improvements.

PRODUCT EXPECTED: Procurement Documentation; Request for Proposal (RFP); Executed Contract; Project Agendas and Minutes for TAG and Stakeholder Meetings, Recommendations Summary – Draft & Final; Study/Plan Outline; Draft Study/Plan; Final Study/Plan.

STATUS: This grant funded project has been completed and closed out.

10. WORK ELEMENT 10: INTENTIONALLY LEFT BLANK

11. WORK ELEMENT 11: MCOG – PAVEMENT MANAGEMENT PROGRAM UPDATE (NEW)

PURPOSE: To perform a triennial update of the County's, City of Ukiah's, City of Willits, and City of Fort Bragg's Pavement Management Program (PMP) to provide a systematic method for determining roadway pavement maintenance, rehabilitation and reconstruction needs.

PRODUCTS EXPECTED: Request for Proposals, Updated Pavement Condition Reports for the County Maintained Road System and for the cities of Ukiah, Fort Bragg, Willits, and Point Arena Road Systems.

STATUS: This project is moving forward and is expected to be 90%completed in FY 2025/26. A small portion of carryover has been included in the FY 2026/27 OWP for closeout and presentations, if necessary.

12. WORK ELEMENT 12: UKIAH - TRUCK ROUTE STUDY (CARRYOVER)

PURPOSE: This Study will assist the City of Ukiah on determining and designating acceptable truck routes through the City of Ukiah and throughout the City of Ukiah. The City of Ukiah strives to make our right of ways multimodal including bikes and pedestrians in

every design they perform.

PRODUCTS EXPECTED: The final product will be a study that will identify the best truck routes through the City of Ukiah. These routes will be memorialized with a resolution of the City Council to alert all truck traffic on proper routes through our city.

STATUS: This project has been completed.

13. WORK ELEMENT 13: FORT BRAGG - STORMWATER PROGRAM ASSET MANAGEMENT PLAN (NEW)

PURPOSE: The purpose of this project is to develop an asset inventory for the City's stormwater system, which includes a defined level of service for maintaining assets and estimating programmatic costs for Operation and maintenance (O&M) of existing assets; Permit compliance activities; and Capital & O&M for future infrastructure. Asset management is an important tool that can give utilities the data they need to make well-informed, confident decisions for both system capital planning and repair and rehabilitation projects. Sound operational and financial planning based on these data can help utilities plan their budgets around activities critical to sustained performance. The primary function of this study is to aid the city in developing guidance materials to estimate stormwater program costs and evaluate potential revenue that will be needed to sustain our stormwater programs and infrastructure.

PRODUCTS EXPECTED: Create an asset inventory; Define levels of service (LOS) for maintaining assets, Estimate program costs for

- Operation and maintenance (O&M) of existing assets
- Permit compliance activities
- Capital & O&M for future infrastructure

STATUS: This project is currently being completed and is on schedule. This project is not expected to be carried over into FY 2026/26.

14. WORK ELEMENT 14: TRAINING (MCOG)

PURPOSE: To provide funding for technical training in the transportation planning field to the MCOG planning staff, and to local agency staff, to stay abreast of changes in the field.

PRODUCT EXPECTED: Educational and training materials, and trained staff.

STATUS: This is an annual work element that will have a substantial amount of carryover amended into FY 2026/27 OWP.

15. WORK ELEMENT 15: INTENTIONALLY LEFT BLANK

16. WORK ELEMENT 16: MULTI-MODAL TRANSPORTATION PLANNING (MCOG)

PURPOSE: Day to day multi-modal transportation planning duties, including bicycle, pedestrian, transit, rail aeronautics, and goods movement planning activities.

PRODUCT EXPECTED: Products may include staff reports, meeting attendance, quarterly reports, staff recommendations, documentation of tribal government-to-government relations, written reports.

STATUS: *This annual work element that is expected to have a small amount of carryover in the FY 2026/27 OWP.*

17. WORK ELEMENT 17: INTENTIONALLY LEFT BLANK

18. WORK ELEMENT 18: GEOGRAPHIC INFORMATION SYSTEM (GIS) ACTIVITIES (MCOG)

PURPOSE: To provide GIS support services related to the roadway transportation system, and all transportation modes in Mendocino County.

PRODUCT EXPECTED: Products may include maps, reports, documentation, presentation materials, and databases and GIS layers to support the above tasks. Examples of GIS tasks include support for the Regional Transportation Plan, Regional Bikeway Plan, Wine-Country Inter-regional Partnership, Pavement Management Program, etc.

STATUS: *This annual work element will be fully expended by 6/30/26.*

19. WORK ELEMENT 19: INTENTIONALLY LEFT BLANK

20. WORK ELEMENT 20: GRANT DEVELOPMENT & ASSISTANCE (MCOG)

PURPOSE: To provide technical assistance, research, and support to local agencies, Mendocino Transit Authority, tribal governments, North Coast Railroad Authority, and others, on federal, state, and local grant opportunities.

PRODUCT EXPECTED: Products may include grant applications, informational notices, staff assistance, recommendations, distribution of grant materials, staff reports, documentation of tribal governmental-to-government relations, and other documents to support project tasks.

STATUS: *This annual work element is expected to be completed by 6/30/26.*

APPENDIX B: **CALTRANS INFORMATION ELEMENT**

INFORMATION ELEMENT

Per the Regional Planning Handbook, this Final Work Program includes an Information Element. The purpose of the Information Element is to list transportation planning activities that are being done by other agencies in the region.

<u>Title/Product(s)</u>	<u>Activity Description</u>	<u>Lead Agency</u>	<u>Completion Date</u>
RTPA Outreach and Coordination	Ongoing and consistent project-related communication with RTPAs and local stakeholders. Quarterly CT/RTPA meetings, Milestone Reports, External Partners Project Communication Request Form.	Caltrans	Ongoing
Regional Planning Handbook Update	An update to the 2017 Regional Planning Handbook.	Caltrans	2026
District Transit Plan	Develop a District Transit Plan. Plan will identify regional transit needs, inventory infrastructure and facilities, identify transit priority improvements, and recommendations to integrate transit on the SHS, while meeting regional and state goals.	Caltrans	2027
Transit Implementation Action Plan	An action plan that will identify transit planning, projects, and data.	Caltrans	2026
Coordinated Public-Transit Human Services Plan	Update of the Coordinated Plan to identify transportation needs of individuals with disabilities, older adults, and people with low incomes, provide strategies for meeting these needs, and prioritize transportation services for funding and implementation.	Caltrans HQ	2027

Corridor Management Plan Factsheets	D1 System Planning will develop fact sheets when launching new CMPs for distribution to RTPAs and other local government stakeholders.	Caltrans	Ongoing
Non-Motorized Data Collection	Regular short-duration count schedule in District 1 to collect non-motorized data on a rotating, three-year basis.	Caltrans	Ongoing
Interregional Transportation Strategic Plan	The ITSP is a companion document to the CTP and will be prepared along the same timeframe as the CTP.	Caltrans	December 2026
California Transportation Plan	By statute, the CTP is required to be updated every five years. A CTP update was due in 2025.	Caltrans	December 2026
D1 Pedestrian and Bicycle Advisory Committee	A districtwide committee to discuss pedestrian and bicycle activities and needs on the state highway system.	Caltrans	Ongoing
Climate Change Vulnerability and Risk Assessments	Updating the Statewide Climate Change Vulnerability and Risk Assessments.	Caltrans HQ	2026
Tribal PID Outreach	Engage with Native American Tribal Governments during PID development and project scoping.	Caltrans	Ongoing
Tribal Transportation Summit	Annual spring Tribal Transportation Summits with the Native American Tribal Governments in District 1.	Caltrans	Annually
Grant Opportunity Collaboration	Partnering with RTPAs and local agencies on grant application development. Providing partners with current and relevant information on discretionary funding opportunities and collaborating on methods to improve projects and or strategize methods for being more competitive in current and future opportunities.	Caltrans	Ongoing

Non-SHOPP Project Initiation Document Nominations FY 26/27	Work with partners to identify Non-SHOPP PID nominations for FY 26/27.	Caltrans	Winter/Spring 2026
Caltrans System Investment Strategy (CSIS)	Foster linkage of Caltrans short, medium, and long-range planning to programming and project delivery. Utilize CSIS methodologies and processes to guide transportation investment decisions through a transparent and collaborative process.	Caltrans	Ongoing
Letters of Support and Partnership	Coordinate with partners to provide letters of support or partnership for locally and regionally significant projects.	Caltrans	Ongoing
Caltrans Engagement Portal	Online forum to engage with communities about Caltrans plans and projects. The external website allows the public to view project details, attend virtual/hybrid public meetings, take surveys, provide comments, and track project status. The internal site functions allow Caltrans to collect, store, categorize, track, retrieve, and respond to public comments for plans and projects.	Caltrans	Ongoing
Director's Policy on Community Engagement	Director's Policy Framework - 2024-2028 Caltrans Strategic Plan, Equity Goal: Demonstrate Caltrans' proactive commitment to meaningful community engagement. Establish clear expectations and a unified approach to community engagement across all Caltrans functions, promoting consistency, shared learning, and stronger relationships with the public.	Caltrans HQ	Spring 2027

District 1 Community Engagement Playbook (guidance document)	The District 1 Community Engagement Playbook (Playbook) is designed based on the Caltrans "Community Engagement Guidance for Plans and Projects: Statewide Playbook". The District Playbook is tailored to the region's unique communities, geographies, and demands. These documents are intended to help staff with internal continuity for engagement and conduct right-sized engagement for each plan, project, and community.	Caltrans	June 2027
US 101 Multimodal Corridor Management Plan	US Route 101 Multimodal Corridor Management Plan in electronic form. Corridor Planning is a multimodal transportation planning approach that recognizes that transportation needs are based on the complex geographic, demographic, economic, and social characteristics of communities.	Caltrans	Fall 2026
MEN 128 SLR & Flood Feasibility Study	A feasibility study funded with PROTECT funds to look at Sea Level Rise and flooding at the junction of SR 128 and SR 1 near the mouth of the Navarro River.	Caltrans	2027
Garcia River Flooding Feasibility Study	A feasibility study to assess conceptual alternatives intended to address flooding along a 1-mile segment of SR 1.	Caltrans	2027

Seaside Creek Beach Roadway and Culvert Improvements	A feasibility study evaluating sea level rise, storm surge, culverts, and flooding vulnerability along a low-lying section of SR 1 (PM 70.6/70.7).	Caltrans	June 2027
Mendocino County Climate Adaptation Storm Drainage Vulnerability Analysis	FY 2025-26 Climate Adaptation Planning grant to conduct a vulnerability analysis of the storm drainage system running under County owned and maintained rural roadways for impacts due to climate change in five areas that are currently experiencing flooding.	Mendocino County	June 2028
City of Ukiah East Perkins Street Multimodal Transportation Plan	FY 2025-26 Sustainable Communities Planning grant to address deficiencies in pedestrian, bicycle, and transit facilities by studying needs and recommending multimodal streetscape improvements for East Perkins Street (from Main Street to Oak Manor Drive), a key corridor connecting US 101 to downtown Ukiah.	City of Ukiah	June 2028

APPENDIX C: FY 2026/27 FEDERAL PLANNING FACTORS

WORK ELEMENT NO.	1	2	4	5	6	7	8	10	11	13	14	15	16	18	20
1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity & efficiency.	X	X	X	X			X	X	X	X	X	X	X	X	X
2. Increase the safety of the transportation system for motorized & non-motorized users.	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X
3. Increase the security of transportation system for motorized & non-motorized users.	X	X		X	X	X	X	X	X	X	X	X	X		X
4. Increase accessibility & mobility of people and for freight.	X	X		X	X	X		X	X	X	X	X	X		X
5. Protect & enhance the environment, promote energy conservation, improve quality of life, promote consistency between transportation Improvements & State & local planned growth, <u>housing</u> & economic development patterns.	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X
6. Enhance the integration & connectivity of the transportation system across & between modes, people & freight	X	X		X	X	X	X	X	X		X	X	X	X	X
7. Promote efficient system management & operation.	X	X	X		X	X		X		X	X	X	X	X	X
8. Emphasize the preservation of the existing transportation system.	X	X	X	X	X	X		X	X	X	X	X	X		X
9. Improve the resiliency & reliability of the transportation system & reduce or mitigate stormwater impacts of surface transportation.		X	X		X	X		X		X	X	X	X		
10. Enhance travel & tourism.	X			X	X	X	X	X	X		X	X	X	X	X

APPENDIX D: **TRANSPORTATION ACRONYMS**

ADA	Americans with Disabilities Act of 1990
AQMD	Air Quality Management District
ARRA	American Recovery & Reinvestment Act
APC	Area Planning Council
ATP	Active Transportation Program
BTA	Bicycle Transportation Account
BUILD	Better Utilizing Investments to Leverage Development
CAATS	California Alliance for Advanced Transportation Systems
CalACT	California Association for Coordinated Transportation
CALCOG	California Association of Councils of Governments
Caltrans	California Department of Transportation
CARB	California Air Resources Board
CEQA	California Environmental Quality Act
CFMP	California Freight Mobility Plan
CIB	California Interregional Blueprint
CMAQ	Congestion Mitigation and Air Quality Program
CSAC	California State Association of Counties
CTC	California Transportation Commission
CTSA	Consolidated Transportation Service Agency
CWR	California Western Railroad
DOT	California Department of Transportation, a.k.a. Caltrans
EEM	Environmental, Enhancement & Mitigation
EFS	Engineered Feasibility Study
EV	Electric Vehicle
FAA	Federal Aviation Administration
